Motion to Adopt Resolution #2020-4: A Resolution Declaring Wayne County Board of Commissioners in Favor of the Second Amendment to the Constitution of the United States

Vice-Chairman Joe Daughtery made a motion to adopt Resolution #2020-4: A Resolution Declaring Wayne County Board of Commissioners in Favor of the Second Amendment to the Constitution of the United States, attached hereto as Attachment H.

Chairman E. Ray Mayo asked County Attorney E. B. Borden Parker if adopting the resolution would change the United States Constitution, the North Carolina General Statutes, or restrict gun ownership in Wayne County, or create any future issues involving the relinquishment of firearms by citizens. Mr. Parker responded. "No sir: this is only to support the current Constitution."

Commissioner John M. Bell stated he supported the 2nd Amendment, but asked what was the purpose of the resolution and what did it have to do with the 2nd Amendment. Mr. Parker stated the resolution indicates the Board of Commissioners supports the 2nd Amendment. Mr. Bell asked what it would do for the citizens of Wayne County, North Carolina. Mr. Parker stated it would not do anything except show the Board of Commissioners' support for both constitutions. Mr. Bell said he felt a group of people were using intimidation to get the Board to vote for the resolution. He stated he fought in Korea and Vietnam for the citizens in this nation, state, and county to exercise their rights and support the constitution. He expressed his discontent for board members willing to throw the Wayne County Sheriff's Office and Goldsboro Police Department "under the bus", and said no one had discussed the resolution with him. Mr. Bell said he would not vote for the resolution, believes there is an ulterior motive for the resolution, and said he already supports the 2nd Amendment.

Commissioner Edward E. Cromartie explained his view for the 2nd Amendment of the United States Constitution and how the world was very different now. He said typically, when a government adds something, something has been taken away or needs some correction. He stated he was not aware of any existing danger of something being taken away that would require the resolution. He expressed his concerns for guns being in the wrong hands and negatively effecting the Air Force Base and community.

Commissioner George Wayne Aycock, Jr. stated he would speak with anyone one-on-one and his number could be found on the county website.

Chairman E. Ray Mayo stated he believed a solution and a ban on assault weapons was needed, and asked County Attorney E. B. Borden Parker if there was anything in the
resolution that would inhibit controls of assault weapons in Wayne County. Mr. Parker stated there was not.

Vice-Chairman Joe Daughtery called the question.

Chairman E. Ray Mayo asked for the vote.

Voting in favor of adopting the resolution: Chairman E. Ray Mayo; Vice-Chairman Joe Daughtery; Commissioner George Wayne Aycock, Jr.; Commissioner A. Joe Gurley, III; Commissioner William H. Pate.

Voting against adopting the resolution: Commissioner John M. Bell; Commissioner Edward E. Cromartie.

By a vote of 5-2, the motion to adopt Resolution #2020-4 passed.

**County Manager's Comments**

County Manager Craig Honeycutt discussed the various Sales and Use Tax referendum meetings scheduled throughout the County. He stated he would update the board after each meeting. Mr. Honeycutt was presenting to the City of Goldsboro next, and would then attend the Wayne County Firefighters Association Banquet at Lane Tree Golf Club.

**Board of Commissioners Committee Reports and Comments**

Commissioner A. Joe Gurley, III stated he planned to attend the Wayne County Firefighters Association Banquet.

Commissioners Cromartie, Pate, and Bell had no reports or comments.

Commissioner George Wayne Aycock, Jr. stated he would attend the installation of officers at the Wayne County Firefighters Association Banquet at Lane Tree Golf Club.

Vice-Chairman Joe Daughtery stated he wanted to make sure everyone was aware that no one on the Board of Commissioners was pressured or intimidated to support the resolution to support the 2nd Amendment to the Constitution of the United States. He said 14 other counties in North Carolina have passed similar resolutions and this resolution was created by staff and reviewed by counsel. He said he never imagined he would be attacked over a simple resolution supporting the Constitution of the United States. He said his silence may have encouraged bullying but bullying was wrong. Mr. Daughtery said the board members must respect each other's opinions and respectfully agree to disagree. He stated he was called by Commissioner George Wayne Aycock, Jr. and was harshly and verbally attacked. He said he was chastised for bringing up such a controversial issue and Mr. Aycock threatened to pull the resolution from the agenda.

Commissioner George Wayne Aycock, Jr. stated Mr. Daughtery was correct and he did call him and say things he should not have said. He said the resolution was just a piece of paper and the Board of Commissioners have no authority to make decisions against guns.

Chairman E. Ray Mayo stated the Board of Commissioners, as elected officials, have a right to endorse or remind the public of any rights under the Constitution. He said there were many things that came before the board that may cause concerns and no one knew if there was an ulterior motive behind the resolution. He said he wants the board to put this issue behind them and move on. Mr. Mayo stated he attended numerous meetings with County Manager Craig Honeycutt and Wayne County Public Schools Superintendent Dunmore. He said he attended the Dr. Martin Luther King, Jr. luncheon with Commissioner Edward E. Cromartie and he learned the following lesson; Dr. King professed to be a Christian and was an advocate of non-violence.
Closed Session

At 8:25 a.m., upon motion of Commissioner Joe Daughtery, the Board of Commissioners unanimously declared itself in closed session to consider the qualifications, competence, performance, character, fitness, conditions of appointment, or conditions of initial employment of an individual public officer or employee; to discuss matters relating to the location or expansion of industries or other business in the area served by the public body; and to consult with attorneys employed or retained by the public body in order to preserve the attorney-client privilege between the attorneys and the public body, which privilege is hereby acknowledged.

At 8:58 a.m., upon motion of Commissioner John M. Bell, the Board of Commissioners unanimously declared itself in regular session.

Recess

At 10:28 a.m., Chairman E. Ray Mayo recessed the meeting of the Wayne County Board of Commissioners to the Farm Bureau building at 2405 N. William Street, Goldsboro, North Carolina.

Re: Badge and Service Side Arm for Retired Lt. Michael Smiley
Date: December 4, 2019

Gentlemen:

Lt. Michael Smiley has plans to retire from the Wayne County Sheriff's Office on January 7, 2020. He has had a rewarding career with the Sheriff's Office and has been a valuable asset to the office.

In accordance with NCGS 20-187.2 (a), I am requesting that Lt. Michael Smiley be allowed to keep the badge worn and carried by him. The statute provides that there is no cost to be incurred for the badge carried by him. Additionally, I also request that Lt. Michael Smiley be awarded his service side arm upon his retirement. Lt. Smiley is not ineligible to own, possess, or receive his service side arm under the provisions of State or Federal law. The costs associated with the presentment of the service side arm will be paid by the Sheriff's Office if necessary.

Thank you for your time and consideration with this matter.

Press Release

December 17, 2019

The Wayne County Sheriff’s Office, with the support of the County Commissioners, formed a Driving While Impaired (DWI) Task Force in October of 2015. At that time, Wayne County was ranked 13th in the State for traffic fatalities involving an impaired driver. Four deputies were selected to form this team and concentrate on impaired driving. One of the deputies selected, Cpl. Jonathan Batchelor, applied for, attended, and received certification as a Drug Recognition Expert (DRE). This training consisted of numerous hours of classroom study as well as conducting practical field evaluations and exercises on impaired subjects to determine impairment.

In order to apply to be a DRE, Cpl. Batchelor had to complete a list of prerequisites for the class to include DWI arrest experience, court room experience, and over 100 hours of additional training. In order to become DRE certified, Cpl. Batchelor had to be accepted to the class, pass a two day preschool, eight days of actual classroom and practical exercises, and demonstrate proficiency in determining what category or categories of controlled substance(s) was causing the impairment on at least twelve impaired subjects. After all these portions have been successfully completed, an extensive final comprehensive test had to be completed. Since the formation of this unit, Wayne County has dropped from 13th to 28th in the State as it relates to fatalities involving an impaired driver.

During a recent annual DRE in-service training held on December 12, 2019 in Jamestown, NC, Cpl. Batchelor received several honors in relation to his DRE training and the use of that training in the field. Cpl. Batchelor was recognized for:

- Outstanding Performance as a Drug Recognition Expert;
- Platinum Performance as a Drug Recognition Expert (one of 5 in the State) and;
- Top Performing Drug Recognition Expert from a Sheriff’s Office. (Which Cpl. Batchelor has been awarded now for two consecutive years.)

Captain Brian Dawson who oversees several divisions as well as the DWI Task Force stated “it makes me proud that we have one of our own that has dedicated his time and effort to exceed proficient levels as it relates to evaluating these types of Drug Impaired Driving Cases. There have been many times I have personally observed Corporal Batchelor studying and conducting research in an attempt to better himself as a Drug Recognition Expert. It is such an honor to have our State honor Corporal Batchelor for his high proficiency level in this field. Great Job Corporal Batchelor and thank you for being so passionate about this very necessary tool that you use to daily to remove dangerous impaired drivers from our roadways. You and your team continue to impress!”

Sheriff Larry Pierce stated “I am proud of the job that this team has accomplished since it was created. Lives have been saved as a result of the concentrated efforts of law enforcement in removing impaired drivers from the streets and highways of our county. I am especially proud of the effort that Cpl. Batchelor has put forth. It is clear that he has a passion for using the skillset he has learned and to be recognized by the State of North Carolina as the top DRE from a Sheriff’s Office as well as being one of the four top DRE performers in the State.”
RESOLUTION #2020-3: A RESOLUTION IN SUPPORT OF EXISTING FIRE AND RESCUE COMMISSION’S CERTIFICATION

WHEREAS, Volunteer Firefighters are vital to ensure the safety of the public in Wayne County and surrounding counties; and

WHEREAS, the Wayne County Board of Commissioners understands Volunteer Firefighters of Wayne County are critical to the safety and quality of life to all citizens; and

WHEREAS, certification as a Firefighter in North Carolina, though voluntary, is the only way for Fire Chiefs to ensure Firefighters are properly trained and held to a National Standard; and

WHEREAS, the Fire and Rescue Commission’s Certification Board passed new rules that create what the Wayne County Firefighters Association believes would be a major road block for volunteers to complete certification courses; and

WHEREAS, the new system changes single subject classes to a “block system”, which will lengthen the time Firefighters will be in class and add additional testing at the end of the classes; and

WHEREAS, while the Wayne County Firefighters Association recognizes this new system is ideal for larger cities and paid fire department personnel, recognizes it will create a hurdle for recruiting volunteers for the Volunteer Fire Service.

NOW, THEREFORE, the Wayne County Board of Commissioners hereby supports the Wayne County Firefighters Association’s request to keep the single class system in place, in conjunction with the proposed new block system, which is beneficial to larger cities and paid departments.

Adopted this the 21st day of January, 2020.

Wayne County Board of Commissioners

Clerk to the Board
Honorable Madam or Sir,

We appreciate your continued support of the Volunteer Fire Service in NC. Your recent support of other legislative actions shows your commitment and continues to be a very popular decision with our Firefighters. Volunteer Firefighters are our only way to ensure the safety of the public in Wayne County and surrounding counties. We would ask that you do everything possible to ensure Volunteer Firefighters are supported in NC and that no State agency put up any roadblocks for these Firefighters to receive validated credentials and certifications.

Certification as a Firefighter in North Carolina, although voluntary, is a way that Fire Chiefs can ensure Firefighters are being trained properly and held to a National Standard that will stand up in a court of law and to scrutiny of public perception. Recently, the Fire and Rescue Commission’s Certification Board passed new rules that create, what the Wayne County Firefighters Association feels like, will be a major road block for Volunteers to complete certification courses. They have changed what is now single subject classes to a “Block System” that will lengthen the time Firefighters will be in class, and add more testing to the end of classes. This “Block System” is no doubt a great idea for larger cities and paid fire department personnel, however we feel it will be another major hurdle in recruiting volunteers for the Volunteer Fire Service.

Wayne County Firefighter’s Association works extremely close with our Fire Departments and the local community college system to ensure that our firefighters receive the desired certifications and training to fulfill their obligations and commitment to their department. The Wayne County Firefighter’s Association in consortium with the local community college hosts two (2) fire schools annually. The proposed “Block System” for fire certification classes would prohibit the association from being able to afford this opportunity to our local fire departments and volunteers. Based on the data retrieved, the number of volunteer firefighters that have received their certification through an ongoing process of their educational attainment in the two annual fire schools and monthly certification training classes is as follows:

Note: 2019 Data is from January 1 – November 31, 2019.
The data above was retrieved with the assistance of the local community college’s Office of Institutional Effectiveness. This is the data that is submitted to the North Carolina Community College System for automatic submission to the North Carolina Office of State Fire Marshal for individual fire certification. In addition to this data, we have provided 1,214 classes to the fire departments across Wayne County and surrounding counties. Over the past 10 years, we have provided training to 10,138 firefighters who were seeking certifications and advanced training within the fire services. Implementation of new standards with the elimination of current standards may prohibit us from providing this services to these volunteers.

The number of classes only reflects certification courses, however this would be virtually impossible for the association to request on behalf of the local departments if the “Block System” was the only absolute option due to the number of hours required to complete the block courses vs. the independent courses, i.e. Ladders and Ventilation has been combined with an increase in hours for the combined block course. Previously, we were able to request these courses as separate courses and were able to render these as independent courses with Ladders being a 16 hour course and Ventilation being a 20 hour course. One of these two courses could be offered during our Annual Fire School. However the new system would prohibit us from offering these courses in the “Block System” due to the time constraints since we run courses from 6:00 p.m. - 10:00 p.m./10:30 p.m. Monday through Thursday during the week of the Annual Fire School.

We ask that you and your colleagues engage the Fire and Rescue commission to keep the single class system in place. However, we are not asking to completely eliminate the idea and process of the “Block System” since some departments may benefit from this system as well, but not as a replacement to our current system that is successful for many more agencies that are being overlooked.

We are striving to maintain the Volunteerism within our communities, however with this new system that has been proposed, this could be seen as a major discouraging factor for those who desire to volunteer within their communities. It places a lot of responsibility and restraints upon the local volunteer fire departments statewide to recruit volunteers to serve their communities and seek to serve their citizens within the communities at the highest level of quality possible.

We also would like to invite you to attend the February meeting of the Wayne County Firefighter’s Association Meeting on February 18th, 2020 at 7 p.m. to be held at the Patetown Fire Station #1, so we can discuss this further. The address for Patetown Fire Station #1 is 3463 NC 111 North, Goldsboro, N.C. 27534.

Subject: EMS Ambulance Remount  

January 9, 2020

I am writing this letter to explain why Wayne County EMS should go with the second lowest bidder in our recent RFB for 2 ambulance remounts. In July 2019 CAAS (Commission on Accreditation of Ambulance Services) released the Ground Vehicle Standard for Ambulances V2.0. This document dictated a standard for all ambulance remounts. These standards were based on best safety and mechanical practices for “final stage manufacturers”. These requirements were clearly stated in the ambulance specs release by Wayne County in October 2019. We selected Atlantic Emergency Solutions as a result of them being the lowest bidding company for our proposed ambulance specs. A deeper investigation revealed that they currently do not have the credentials that we requested in our bid specs albeit that they are currently “working on them”. In a discussion with this company they explained they thought this requirement was “optional”.  

At the current time North Carolina has not established or adopted a standard for remounted ambulances. That being said I am concerned that we may purchase ambulances that do not meet the listed standard and as a result run into issues in the future where we cannot legally operate these units. The second component is that I believe we owe it to our employees and community to provide a safe and reliable means of transport during emergency operations. Now that we do have a standard for final stage manufacturers based on best practices, I feel that we should meet this standard.  

I do not like that this process has taken as long as it has nor do I like the fact that I am asking to spend an additional $18,966.42 on two ambulance remounts. In the end of the day I do believe that the safety and future compliance our ambulances do justify this expenditure. Thank you for your time on this matter and I will be available for any questions or concerns that you may have.  

Respectfully  

Dave Cuddeback

Subject: 911 Cabling Project (Ancillary Offices) Vendor Award Recommendation  

An RFP for the 911 Center cabling project was sent out on December 4, 2019. A committee comprised of the IT Director, IT Staff and the Purchasing Manager reviewed all submissions. After careful analysis of the five vendors who submitted their proposals the committee strongly recommend the selection of NC Sound the lowest responsive responsible bidder. AMENDMENT NUMBER TWO TO CONTRACT FOR SERVICES BETWEEN WAYNE COUNTY AND COASTAL PLAINS CLEARING, LLC

THIS Amendment made and entered into the 7th day of January, 2020 by WAYNE COUNTY a body politic and corporate organized under the laws of the State of North Carolina, hereinafter referred to as County, and COASTAL PLAINS CLEARING, LLC hereinafter referred to as Contractor,

WHEREAS, County entered into an agreement for Professional Services (Contract) with Contractor on April 30, 2019 to perform services for Part 5 of the Wayne County Stream Debris Removal project;

WHEREAS, the term of said Contract was from May 1, 2019 to November 30, 2019;

WHEREAS, the parties amended said contract via document entitled “Amendment to Contact for Services between Wayne County and Coastal Plains Clearing, LLC” in July 2019 which extended the original term of the Agreement;

WHEREAS, the County now desires to extend the scope of services beyond the original scope as provided in both the original Agreement and the aforementioned Amended Agreement;

NOW THEREFORE, the County and Contractor agree to amend the original agreement as follows:

1. In addition to the scope of work described in Exhibit A of the original Agreement and the July 2019 Amended Agreement, Contractor shall be responsible for additional services and receive compensation as follows:

RESOLUTION DECLARING WAYNE COUNTY BOARD OF COMMISSIONERS IN FAVOR OF THE SECOND AMENDMENT TO THE CONSTITUTION OF THE UNITED STATES

WHEREAS, the Constitution of the United States is the Supreme Law of our nation; and

WHEREAS, the Second Amendment to the Constitution of the United States of America states: "A well-regulated Militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed"; and

WHEREAS, the North Carolina Constitution, Article I, Section 30, states: "A well-regulated militia being necessary to the security of a free State, the right of the people to keep and bear arms shall not be infringed; and, as standing armies in time of peace are dangerous to liberty, they shall not be maintained, and the military shall be kept under strict subordination to, and governed by, the civil power. Nothing herein shall justify the practice of carrying concealed weapons, or prevent the General Assembly from enacting penal statutes against that practice; and

WHEREAS, the criminal misuse of firearms is not a reason to infringe the rights of law abiding citizens of Wayne County; and

WHEREAS, the Wayne County Board of Commissioners wishes to express its deep commitment to the rights of all citizens of Wayne County to keep and bear arms; and

WHEREAS, the Wayne County Board of Commissioners wishes to express opposition to any law that would unconstitutionally restrict the rights under the Second Amendment of the U.S. Constitution and under the North Carolina constitution of the citizens of Wayne County to keep and bear arms; and

WHEREAS, the Wayne County Board of Commissioners wishes to express its intent to stand as a Sanctuary County for Second Amendment rights and to oppose, within the limits of the Constitutions of the United States and the State of North Carolina, any efforts to unconstitutionally restrict such rights, and to use such legal means at its disposal to protect the rights of the citizens to keep and bear arms.

NOW, THEREFORE, be it resolved by the Board of Commissioners of Wayne County:

The Wayne County Board of Commissioners hereby expresses its intent to uphold the Second Amendment rights of the citizens of Wayne County.

Adopted this the 21st day of January, 2020.

E. Ray Mayo, Chairman

Attest:
Carol Bowden, Clerk to the Board
