Letter of Transmittal

County of Wayne

Craig Honeycutt

County Manager / Budget Officer

December 31, 2020

Honorable Members of the Wayne County Board of Commissioners
Citizens of Wayne County, North Carolina

The Comprehensive Annual Financial Report for Wayne County, North Carolina, for the fiscal year ended June 30, 2020 is hereby submitted. North Carolina law requires all local governments to publish each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the Comprehensive Annual Financial Report of Wayne County for the fiscal year ended June 30, 2020.

This report consists of management's representations concerning the finances of Wayne County. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. To provide a reasonable basis for making these representations, the management of Wayne County has established a comprehensive internal control framework designed both to protect the government's assets from loss, theft or misuse and to compile sufficient reliable information for the preparation of Wayne County's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, Wayne County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance the financial statements will be free from material misstatement. As management we assert to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

Wayne County adopts an annual budget for its General Fund and all other funds, as required by the General Statutes. The budget is a legally adopted document that incorporates input from citizens, the management team of the County, and the decisions of the County Board of Commissioners to obtain funds from identified sources to finance annual activities. County management in cooperation with the Board of Commissioners conduct the budget planning process from January to June annually with a Board planning session, budget team work sessions, departmental reviews, development of draft budget work books, development and review of the capital improvement plan, the County Manager's Recommended Budget and Capital Improvements Plan, public county commissioner work sessions, the actual statutory budget hearing and ultimately the adoption of the budget by the County Commissioners prior to July 1st.

Nunn, Brashear & Uzzell, PA, a firm of licensed certified public accountants, has audited Wayne County's financial statements. The goal of the independent audit was to provide reasonable assurance the financial statements of Wayne County for the fiscal year ended June 30, 2020 are

Letter of Transmittal

free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management and evaluating the overall financial presentation. The independent auditor concluded, based upon the audit, there was a reasonable basis for rendering an unmodified opinion that Wayne County's financial statements for the fiscal year ended June 30, 2020 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of Wayne County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the compliance section of this report.

GAAP requires management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. Wayne County's MD&A can be found immediately following the report of independent auditors.

COUNTY PROFILE:

Wayne County, founded in 1779, is located in the east-central part of the state, amid the broad Coastal Plain region, which covers nearly half the state. The County, which measures approximately 29 miles from north to south and 14 to 27 miles from east to west, encompasses approximately 555 square miles. It is bounded on the north by Wilson County, on the east by Greene and Lenoir Counties, on the south by Duplin and Sampson Counties and on the west by Johnston County. The City of Goldsboro, the County seat, is situated geographically in the center of the County and is approximately 50 miles southeast of the City of Raleigh, North Carolina. Other municipalities located in the County include the towns of Eureka, Fremont, Mount Olive, Pikeville and Seven Springs, plus the incorporated Village of Walnut Creek. The County has a diversified economy based upon industry, agriculture, military, and governmental institutions supported by a mix of wholesale and retail businesses as well as numerous service providers.

The County has a land area of approximately 355,200 acres of which approximately 160,000+ acres or 45%+ are classified as cropland. With elevations predominantly 120 to 145 feet above sea level, the land surface is smooth with moderately steep slopes along the flood plain of permanent streams. The largest waterway, the Neuse River, bisects the lower central portion of the County as it flows in an eastward direction to the Atlantic Ocean.

A mild climate with an average temperature of 62 degrees, a well-distributed average annual rainfall of 50 inches, a freeze-free growing season of about 225 days and wide range of soil types all contribute to a highly productive agricultural area. The County is the 4th largest

Letter of Transmittal

agricultural county in the state and 4th in the state in livestock production. Wayne County is the 15th largest county in the United States in the production of hogs. The County is home to Mt. Olive Pickle Co., the largest pickle company in the United States. It is also home to Goldsboro Milling, Inc., the parent company of Butterball Turkeys, the largest producer of turkey products in the United States. Farming and agribusiness represent 20% of the county's employment and 22% of the county's total gross income. According to the 2017 Census of Agriculture there are 165,345 acres of farmland. The county has developed a Farmland Preservation Plan to help maintain and position farming and agribusiness as a county economic engine for the future.

The County operates under the commission/manager form of government. It is governed by a seven-member Board of Commissioners (the "Board"). One member is elected from each of six different voting districts in the County and one member is elected countywide. All seven members serve concurrent four-year terms. The partisan elections for the Board are held in November of Presidential election years. The Board elects annually a Chairman and Vice-Chairman from among its members when it takes office the first Monday in December. The Board appoints a County Manager to manage the daily operations, prepare and administer the annual budget and capital improvements program, and to advise the Board on public policy matters.

FACTORS AFFECTING FINANCIAL CONDITION:

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which Wayne County operates.

Local Economy

Wayne County was designated a Metropolitan Statistical Area by the US government in 1992. The County is located in the eastern coastal plain region of North Carolina. The County joined the Southeast NC Partnership in 2018, consisting of 18 counties. Two major four-lane highways (East/West by US Highway 70 (future Interstate 42 and North/South by US Highway 117) bisect Goldsboro, the county seat. Highway 117 is designated as I-795 allowing larger freight vehicles to enter Wayne County on a high-speed interstate with access to I-95. Interstates 95 and 40 are both within twenty-five minutes driving time.

Wayne County has an estimated population of 124,496 and workforce of over 56,848 per source JobsEQ. The September 2019 county unemployment rate was 3.7%. The strength of the County's economy rests on a diverse mixture of manufacturing, military, government and service enterprises. No one industry dominates the manufacturing base as indicated by the county's major manufacturing and distributing base of over 65 companies including automotive, electronics, food and beverages, plastics, agriculture, wood products and aerospace. Seymour Johnson Air Force Base, located in Goldsboro, supplies the labor pool with highly trained and technically skilled separating airmen, retirees and spouses. Seymour Johnson Air Force Base provided in 2018 \$770,000,000 annually in economic stimulus in Wayne County.

Letter of Transmittal

Seymour Johnson Air Force Base is home to the 4th Fighter Wing and 916th Air Refueling Wing. The annual civilian and military payroll is over \$625,646,617. SJAAB is Wayne County's largest employer, with 6,456 military members (combined active duty and reservists) and 993 civilians. In addition, they fund local expenditures of approximately \$144,516,931 per year, and creates 10,194 in local jobs and an employment impact of \$369,430,560 per year.

Agriculture and Agribusiness is one of the major industries in the county with over a \$1 billion impact. Current agriculture census data has gross farm income totaling \$436 million with 24% coming from crops including tobacco, soybeans, corn, wheat and cotton. Livestock and poultry including swine, cattle, goats, turkeys and chickens represent 61% and the other 15% of farm income is represented by horticulture crops, ornamentals and forestry.

The County's local industrial base includes manufacturing, wholesaling and distribution, and machine shops. Manufacturing operations range from simple assembly to complex processes resulting in products ranging from bread and poultry to automotive parts, electric transformers and aviation/aerospace support. The Wayne County Development Alliance, Inc. recognizes over 65 major industries in the county who account for over 9,000 jobs. A continued focus on partnerships with our neighboring communities such as Lenoir and Craven Counties helped to form the NC Aerospace Corridor to assist in strengthening the marketability of eastern NC. The WCDA is very proactive in creating product as we move forward with our Business Campus to focus on smaller entrepreneurs and marketing our strengths as a community and region. The WCDA continues to market our industrial parks in our County and is actively seeking new ventures to grow our area. Several successes include expansions of companies such as Case Farms and Mt. Olive Pickles. New companies are locating to the County such as Tactical Gear and Electropin Technologies (a relocation from NE United States). The WCDA continues to market our clusters and be active with consultants and other allies to achieve successes.

Major Initiatives

1. The County and WC Public Schools agreed in May 2017 to fund a replacement for the Meadow Lane Elementary School, HVAC systems for four schools, a new Gym at Southern Wayne High School and six additional classrooms. All of this was funded in a June 2017 bond issue. As of June 30, 2020, the new Meadow Lane school is complete and opened to students in the fall of 2019, and the HVAC project has been finished. The six additional classrooms have been removed from the plans of the Southern Wayne High School Gym, and the gym will now be a full competition gym facility. The gym bid was awarded to Daniels & Daniels Construction Company on August 20, 2019 by the Board of Commissioners at a price of \$5,997,000 without alternates. Engineering fees for the gym totaled \$432,420 leaving a budget shortfall for the project as only \$3,200,000 was originally borrowed for the gym. To fill the funding gap, the Board of Commissioners voted on November 5, 2019 to reallocate unspent bond proceeds of \$408,686 from the 2017 bond issuance. The remaining revenue of \$2,820,734 was transferred by the Commissioners from the Schools Sales Tax Fund out of the \$4,600,000 that was unofficially set aside for Fremont Elementary School. The Southern Wayne gym was completed in December 2020.

Letter of Transmittal

2. The County completed the study by Mission Critical Partners of our E911 Communications Center Staffing, Operations, and Facility Needs. This served as the blueprint for improvements in this operation. The architectural firm of Stewart, Cooper, and Newell, who specialize in public safety facilities, designed the facility. The Schematic Design has been reviewed by the Board, and they have requested changes to minimize the cost of the facility. Additionally, the County received a grant from the NC 911 Board for the building in the amount of \$1,530,693. The condition of this grant will be that our facility serves as a back-up for Duplin County. On March 5, 2019, the Board of Commissioners approved the construction bid be awarded to Jackson Builders, Inc. of Goldsboro for \$3,981,971. Other revenue sources for this project include restricted 911 monies from the County's restricted fund balance, debt-financing proceeds, a small grant and general fund dollars. Construction began on this project and was completed in December 2020. The building was named the A. Joe Gurley, III Emergency Services Building by the Board of Commissioners on August 4, 2020 in honor of the late A. Joe Gurley, III, who served as the long-time Office of Emergency Services Director and more recently as a County Commissioner.
3. Dunn and Dalton Architects and Jackson Builders were engaged to design and build the 50,000 square foot shell industrial building in the ParkEast Industrial Park on Lot #8. The shell building will have 35-foot ceilings that may be required for some of the manufacturing processes in today's climate. Shell buildings, like this, are a useful marketing tool in a very competitive market with surrounding counties and states in the recruitment of new and expanding companies.
4. The County has closed on a five-year option agreement with Bryan Holdings for approximately 118 acres of property located close to one of our smaller industrial parks located on Patetown Road in Goldsboro. The "Goldsboro Business Campus" designed as a business incubator park and according to the National Business Incubation Association, business incubators provide a nurturing environment that helps entrepreneurial companies grow and survive, especially during the crucial start-up period when many companies are vulnerable. The Goldsboro Business Campus is modeled after the Bladen County incubator park in Elizabethtown, NC after the successes and the seemingly good match for the environment in the Wayne County area. The option allows the county the ability to develop the Business Campus without tying up all the money on the front end in purchasing the property. A three-party agreement between the County, the City of Goldsboro, and the WCDA as a partnership to develop and designate the different assets and shared costs for the Campus are in place. In order to avoid annexation into the City, the County agreed to split its property tax with the City. The City has agreed to install the water and sewer infrastructure at their expense. Also included in the agreement that if any profits after the completion of the Campus, then those profits would be shared between the County and City.
5. The County approved WithersRavenel as the Preferred Engineer Firm for the Goldsboro Business Campus. WithersRavenel, Inc. is conducting developmental studies, design, covenants and associated costs for the property. Additionally, WithersRavenel, Inc. were authorized in August 2018 to apply for a \$1,785,000 Rural Ready Sites Grant with the NC

Letter of Transmittal

Department of Commerce to assist with this project. The grant was awarded to the County in 2018 and WithersRavenel, Inc. is proceeding with the development of the Campus. Tree removal began in November 2019 and infrastructure construction will begin in 2021. Both the building specs and design plans have been completed.

6. An architect and construction company has been hired to design and build 4 replacement Emergency Medical Services stations to improve our response time to 8 minutes for 97% of the county. This is the result of a detailed station location study conducted in-house. One of the stations is being paid from a Golden Leaf grant of \$502,750 as that station flooded during Hurricane Matthew. A fifth station was purchased during the Patetown/Antioch merger. This station was renovated in-house by Facility services and held its ribbon cutting in April 2018. The final station was completed in October 2019.
7. A Stream Debris Removal Project contract following Hurricane Florence has been awarded. The County has received \$512,591 in a grant from the NCDA&CS Division of Soil & Water Conservation. This is a “snag and drag” operation to remove any woody debris that is obstructing flow in streams that empty into the Neuse River. The General Assembly has appropriated disaster recovery funds to help implement BMPs that will address the impacts of Hurricane Florence. Stream Debris removal is one of the BMP’s. The “Snag and drag” program - must follow US Army Corps of Engineers 1992 Woody Removal Guide. Only those log accumulations obstructing flow shall be removed. Minimal disturbance to stream banks is required - hand-operated equipment will be the first choice in removal. Debris to be placed a minimum of 30’ from the top of the natural bank from the stream. Beaver dams may be removed in the process. The end result will be improved flow in these areas and less potential for flooding.
8. In order to provide redundant county network services to the Winders Jail, new 911 Center, COB, and Courthouse, the County is completing the Fiber Loop Project under our IT Department. They will loop the existing system to the new Jail, then pick up the new 911 Center, then come back to Wayne Memorial Drive toward the downtown area. That is the loop. Then, the project will take a fiber line out to the Maxwell Center which will not be a part of the redundant path-just highspeed data access to county resources. In addition, we need redundancy of internet fiber for the 911 Center, which has to stay operational at all times. Fiber is installed to the Maxwell Center, and another leg to the Jail. The portion between the Jail and the new 911 Center has been completed. Another extension of this run of fiber will be to the Dixie Trail building before Social Services moves in it. The project is about 85% finished.
9. The County has negotiated the engineering contract with WithersRavenel to design a replacement sewer lift station near SPX. The County received a \$478,382 grant from Golden Leaf Foundation for this work, as it flooded during Hurricane Matthew. In April of 2019, the Board of Commissioners approved a bid for construction be awarded to Step Construction, Inc. for a total of \$338,638.25. The project was completed in June 2020.
10. An engineering firm, in conjunction with a utility rate financial firm, has been selected, and a contract negotiated for them to study the possible merger, or regionalization options for the Goldsboro, Fremont, Eureka, and County sanitary sewer systems. The State

Letter of Transmittal

Treasurer's Office is providing a \$50,000 grant for this study. The other three entities have been included in the selection process, and the formulation of the scope of work for the consultants. The report was presented at the January 15, 2019 Board of Commissioners' meeting by Freese and Nichols, Inc. They made a recommendation to first replace Eureka's entire wastewater collection system before a regionalization/merger arrangement can move forward. This is a complicated matter, as the physical condition of the systems is critical, as are the current rates and what impact a merger would have on them.

11. The County has selected the CDBG Consultant to administer the Community Development Block Grant-Disaster Recovery \$25,000,000 grant received to offset some of the effects of Hurricane Matthew. The County through its grant administrator/consultant is currently in the implementation of the CDBG-DR grant program. This is an ongoing 3-5 year grant program for disaster recovery related to Hurricane Matthew.
12. The County has acquired a Hazard Mitigation Grant Program consultant/administrator and has begun the process of surveying, appraising and legal work for the potential acquisition of 84 homes damaged due to the flooding effects of Hurricane Matthew.
13. Open Broadband, LLC has completed installations on various water towers and buildings. They have been signing up customers in Seven Springs, Mount Olive and Grantham and will work to continue the customer base in those areas. They will also be working to increase wi-fi in the Bryan Multi-Sports Complex and offer gigabit speeds in downtown Goldsboro. They are pursuing solutions to providing service in Northern Wayne County and add internet access antennas on all E911 communications towers. Since Wayne County is a Tier 1 county, Open Broadband was able to apply for a state-provided grant, the GREAT grant, to extend coverage to unserved census populations. The application was denied in the grant funding cycle two times. However, the company continues to try to expand services through other grant opportunities such as the Dudley antenna site funded through a Library grant. They also plan to use their own capital to fund growth and expansion of access.
14. The Perimeter Fence project at the Jetport is needed to increase safety for users of the airport. The current fencing at the airport is only 4.5-feet tall with no underground skirt of concrete footer. The current fencing is insufficient to keep wildlife off the airfield, particularly deer that can easily jump the existing fence. The USDA APHIS Wildlife Services performed a Wildlife Hazard Site Visit (WHSV) and issued a report of their findings in January 2019. The WHSV report recommended the installation of a wildlife resistant perimeter fence, consisting of a 10-foot tall fence, with barbed wire at the top and a four-foot section of chain link fence buried at a 45-degree angle along the bottom. The current project is to design a perimeter fence around the airport's property. The fence construction will be split into three separate phases/projects. Upon completion of design, all three phases will be "shovel ready" and better situated to secure future funding for construction. The Perimeter Fence design will be funded 90% by FAA Non-Primary Entitlement (NPE) funds, with a 10% local match supplied by the County.

Letter of Transmittal

15. The Apron Pavement Rehabilitation (Design) project is needed to perform the design and prepare the bid documents for the asphalt pavement reconstruction of the Jetport's main aircraft parking apron. The existing apron pavement has been experiencing problems with deflections in the asphalt from parked aircraft, causing many impacts to airport operations and fuel sales. The Apron Pavement Rehabilitation (Design) is being funded 90% by FAA Non-Primary Entitlement (NPE) funds, with a 10% local match supplied by the County. The project will be "shovel ready" at the end of design with the hope of grant funds for construction being awarded during the 2021 calendar year.
16. The Corporate Hangar project is for the construction of a 100'x100' corporate aircraft hangar located on one of the sites prepared by the recently completed Corporate Area Expansion project. The Corporate Hangar construction is complete and the project is currently being closed out. A large portion of the project was funded by a 90% FAA NPE / 10% County grant, with the balance of the construction cost being funded by the County. The County has a high demand for new hangars, and they help make the airport financially independent. Aircraft are taxed in the county they are stored in, not the owner's home county. Property taxes, as well as the profit from fuel sales and ground or ground/hangar leases, are the airport's primary sources of income. The new hangar is being built by the County to rent to potential tenants and/or to be used as a tool to help recruit potential new businesses/industry to the airport and County.
17. The main portion of the Corporate Area Expansion construction project was completed in late 2019. A change order to reconstruct the access road to the site was approved earlier this year. Construction of the new access road is complete and being closed out. The construction of the access road is being funded by the balance of state grant funds for the Corporate Area Expansion project and FAA NPE funds (no County match required), with the balance of construction being funded by the County.
18. On January 15, 2019, the Board of Commissioners awarded the RFQ for Architectural Services for the Adaptive Reuse of property at 210 Dixie Trail in Goldsboro to Skinner Farlow Kirwan Architecture. This building was intended to house the Department of Social Services. However, due to cost concerns of renovating the building and other capital project needs, this project is being re-evaluated.
19. During the 18-19 budget process, \$125,000 was allocated to conduct a study on the County's sewer system. The purpose of the study was to conduct various investigative tests, identify operational and/or critical issues and provide recommendations, along with priorities, for improved performance of the sewer system. In April of 2019, a bid was awarded to WithersRavenel, Inc. for \$110,000 to conduct this study. The study was completed and recommendations made to the County in April of 2020.
20. During the August 2019 Board of Commissioners' meeting, a motion was approved to allow Moseley Architects to conduct a Wayne County Jail Study Update. The study will evaluate the current needs, project future inmate population and space needs and provide recommendations to renovate or construct facilities for long-term solutions. Interim results

Letter of Transmittal

have been presented to the County, and the company will progress to the next phase of the project.

21. After much analysis of Wayne NET operations, the Board of Commissioners agreed to franchise with a private company to cover non-emergency medical transport during designated night and weekend schedules. A bid process was conducted, and the Board voted on November 19, 2019, to approve the franchise agreement with North State Transport. However, following the June 30, 2020 year-end, the Board of Commissioners began the process of franchising all non-emergency medical transport to private companies. As discussed under the Subsequent Events Note Disclosures, the Wayne NET department was closed, and the Board of Commissioners approved, on July 21, 2020 a franchise agreement with both North State Medical Transport Service, Inc. and MedEx Medical Transport Service, Inc.
22. In July of 2019, the Board of Commissioners approved a reimbursement resolution to reimburse the County under US Treasury regulations from a debt financing. The purpose of this debt financing was to finance the replacement of certain voting equipment in the Board of Elections; the acquisition, construction, purchase and repair of towers, land and communications equipment by the Office of Emergency Services; software replacement for the Finance, Human Resources, Inspections and Planning Departments; and the renovation of the Dixie Trail facility for use by the Department of Social Services. The Board of Commissioners approved to move forward with the financing on July 21, 2020, and the debt application for the County was approved by the Local Government Commission on August 4, 2020. An Installment Financing Agreement was executed on August 20, 2020 for \$10,000,000. The renovation of the Dixie Trail facility was put on hold and was not part of the borrowing; however, funds were borrowed for part of the construction and equipment of the new 911 Center. All other projects mentioned above were part of the debt financing as originally planned.
 - a. The replacement of voting equipment was completed in the 19-20 fiscal year.
 - b. A contract for \$2,799,264 with Radio Communications Company was approved by the Board of Commissioners on August 20, 2019. This agreement is for a county-wide radio system upgrade including the development of three new tower sites (Fremont, Seven Springs and Nahunta), providing new distributed control points and replacement of the microwave system.
 - c. As part of the debt-financed project for the Office of Emergency Services, the County purchased replacement portable radios for some of its departments and for any fire departments who wished to take advantage of the county pricing proposal. Some of the fire departments applied for and received grant funding to reimburse the County for their portables. The remaining fire departments entered into an agreement with the County to pay back their purchase amount over a set period of time with interest and the annual payment to be deducted from their December fire tax receipts.
 - d. During the August 20, 2019 Board of Commissioner meeting, a contract was approved to move forward with Tyler Technologies for software replacement for the Finance, Human Resources, Inspections and Planning Departments. The

Letter of Transmittal

Finance software implementation went live on July 1, 2020 and will be followed by the Human Resources/Payroll module on April 1, 2021. The Inspections and Planning software modules will have an implementation start date of May 1, 2021 with a go-live date to be determined later. The total project is estimated to cost around \$1,400,000.

23. On April 21, 2020, the Board of Commissioners approved an Offer to Purchase and Contract between the Wayne County Board of Education and the Evans family for \$312,000 for a tract of land in Fremont. This approval was conditional upon the Board of Education agreeing to a joint application with the County for the Tier 1 Lottery Grant Funds from the State. The site will be the future home of Fremont Elementary School. The Board of Commissioners subsequently approved filing a joint application with the Wayne County Board of Education for the Tier 1 Lottery Funds Grant in their recessed meeting on April 28, 2020.
24. On March 16, 2020, the County was declared to be in a State of Emergency due to the COVID-19 global pandemic. As of June 30, 2020, the County received \$2,253,000 of the state-allocated Coronavirus Relief Funding (CRF) to address various eligible expenditures of the county between March 1 and December 31 of 2020. Additional CRF funds were released after June 30 and are described in the Subsequent Events Notes to the Financial Statements. Various departments also received separate grant funding related to COVID-19 both before the June 30 year-end and after the year-end. As the pandemic continues, the county is working with federal and state agencies to follow regulations, implement safeguards, and protect its employees and citizens to the extent possible. As of the date of this report, the County was still under a State of Emergency and has now begun to move into the vaccination phase of the COVID-19 pandemic.

Long Term Financial Plan

The Board of Commissioners of Wayne County continues to support a strong financial position as one of their top priorities even in these challenging times. The Capital Improvement Plan serves as the basis for the County's long-term facilities planning. The Wayne County Board of Commissioners, the County Facilities Committee and staff have developed a strategy for the improvement of service delivery to the residents of the County to create a community that is safe, healthy, prosperous, well informed, and well governed. This plan is reviewed in the County Commissioners annual budget planning retreat for funding consideration in the annual budget process.

AWARDS AND ACKNOWLEDGEMENTS:

In 2020 the Government Finance Officers Association (GFOA) awarded its Certificate of Achievement for Excellence in Financial Reporting for the Comprehensive Annual Finance Report of Wayne County for the year ended June 30, 2019. The 2019 Report was judged to conform to the high standards of financial reporting put forth by GFOA. The County has been awarded the certificate for the past twenty-two (24) years. We believe the Report for fiscal year 2020 continues

Letter of Transmittal

to substantially conform to those standards and this Report is being submitted to GFOA for the certificate program.

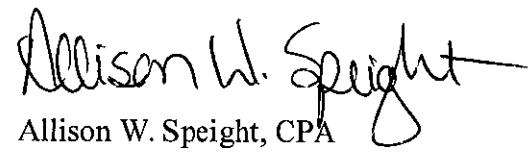

We appreciate the assistance and dedication of the Finance Department staff throughout the year, especially during the preparation of the CAFR. We would like to thank all members of the Department who contributed to its preparation and the County's independent certified public accountants, Nunn, Brashear and Uzzell, PA, for their assistance. The cooperation of each County department is appreciated as we work together in conducting the County's financial operations.

We also express our appreciation to the members of the Wayne County Board of Commissioners for their continued support, guidance, and advice in planning and conducting the financial activities of the County in a responsible and progressive manner.

Sincerely,

Craig F. Honeycutt
Wayne County Manager
& Budget Officer

Independent Auditors' Report

To the Board of County Commissioners
Wayne County, North Carolina

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Wayne County, North Carolina, as of and for the year then ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Wayne County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Wayne County ABC Board, which represent 100 percent of the assets, net position, and revenues of the aggregate discretely presented component unit. Those financial statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Wayne County ABC Board is based solely on the report of the other auditors. We did audit, as a separate engagement, the financial statements of the Wayne County Tourism Development Authority, which represent 100 percent of the assets, net position, and revenues of the aggregate discretely presented component unit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Wayne County ABC Board and the Wayne County Tourism Development Authority were not audited in accordance with Governmental Auditing Standards.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Wayne County, North Carolina as of June 30, 2020, and the respective changes in financial position and cash flows, where applicable, thereof and the respective budgetary comparison for the General Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Other Postemployment schedules of Changes in Total OPEB Liability and Related Ratios, the Local Government Employees' Retirement System Schedules of the County's Proportionate Share of Net Pension Liability and County Contributions, the Register of Deeds' Supplemental Pension Fund Schedule of the County's Proportionate Share of the Net Pension Asset and Schedule of County Contributions, and the Changes in Total Pension Liability of the Law Enforcement Officers' Special Separation Allowance and Related Ratios, on pages 18 through 29, 107 through 108, 109 through 112, 113 through 116, and 117 through 118, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary and Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of Wayne County, North Carolina. The combining and individual fund statements, budgetary schedules, other schedules, the statistical schedules, as well as the accompanying Schedule of Expenditures of Federal and State Awards, as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements, budgetary schedules, other schedules, the statistical schedules, and the Schedule of Expenditures of Federal and State Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the report of the other auditors, the combining and individual fund financial statements, budgetary schedules, other schedules, and the Schedule of Expenditures of Federal and State Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2020 on our consideration of Wayne County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose the report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Wayne County's internal control over financial reporting and compliance.

Nunn, Brashears, & Uzzell, P.A.

Goldsboro, North Carolina

Management's Discussion and Analysis

As management of Wayne County, we offer readers of Wayne County's financial statements this narrative overview and analysis of the financial activities of Wayne County for the fiscal year ended June 30, 2020. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the County's financial statements, which follow this narrative.

Financial Highlights

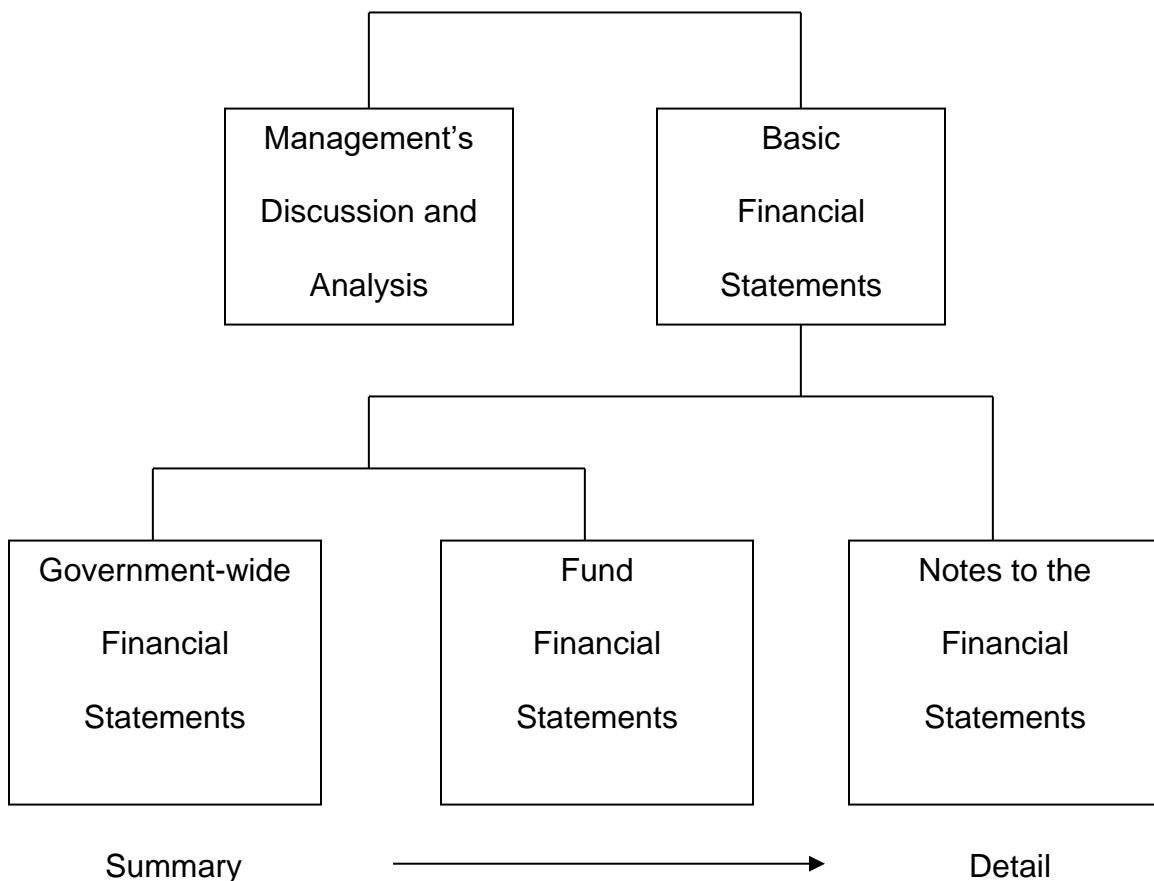

- The assets of Wayne County exceeded its liabilities and deferred inflows of resources at the close of the fiscal year by \$158,756,249 (*net position*).
- Deferred outflows of resources ended at \$13,337,357, an increase of \$870,504 over last year. Deferred inflows of resources ended at \$5,161,982, a decrease of \$1,093,453 over last year.
- The government's total net position increased by \$709,114. This increase is primarily due to proprietary fund grants received to assist with capital projects and increased collections of user fees, property taxes, and sales taxes.
- As of the close of the current fiscal year, Wayne County's governmental funds reported combined ending fund balances of \$52,447,398 a decrease of \$10,372,938 in comparison with the prior year. Approximately 55.18 percent of this total amount, or \$28,937,935, is restricted or non-spendable.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$13,345,356 or 12.44 percent of total general fund expenditures for the fiscal year.
- Wayne County's total debt decreased by \$4,604,877 during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to Wayne County's basic financial statements. The County's basic financial statements consist of three components; 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements (see Figure 1). The basic financial statements present two different views of the County through the use of government-wide statements and fund financial statements. In addition to the basic financial statements, this report contains other supplemental information that will enhance the reader's understanding of the financial condition of Wayne County.

Required Components of Annual Financial Report

Figure 1

Basic Financial Statements

The first two statements (Exhibits 1 and 2) in the basic financial statements are the **Government-wide Financial Statements**. They provide both short and long-term information about the County's financial status.

The next statements (Exhibits 3 through 9) are **Fund Financial Statements**. These statements focus on the activities of the individual parts of the County's government. These statements provide more detail than the government-wide statements. There are four parts to the Fund Financial Statements: 1) the governmental funds statements; 2) the budgetary comparison statements; 3) the proprietary fund statements; and 4) the fiduciary fund statements.

The next section of the basic financial statements is the **notes**. The notes to the financial statements explain in detail some of the data contained in those statements. After the notes, **supplemental information** is provided to show details about the County's non-major governmental funds and internal service funds, all of which are added together in one column on the basic financial statements. Budgetary information required by the General Statutes can also be found in this part of the statements.

Following the notes is the required supplemental information. This section contains funding information about the County's pension plans.

Government-wide Financial Statements

The government-wide financial statements are designed to provide the reader with a broad overview of the County's finances, similar in format to a financial statement of a private-sector business. The government-wide statements provide short and long-term information about the County's financial status as a whole.

The two government-wide statements report the County's net position and how they have changed. Net position is the difference between the County's total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. Measuring net position is one way to gauge the County's financial condition.

The government-wide statements are divided into three categories: 1) governmental activities; 2) business-type activities; and 3) component units. The governmental activities include most of the County's basic services such as public safety, human services, education and general administration. Property taxes and state and federal grant funds finance most of these activities. The business-type activities are those that the County charges customers to provide. These include the sewer, emergency management services, agricultural and convention center, airport, and landfill services offered by Wayne County. The final category is the component units. Although legally separate from the County, the ABC Board is important to the County because the County is financially accountable, appoints its Board members, and because the Board is required to distribute its profits to the County. Established in September, 2015 and beginning operations in January, 2016, the Wayne County Tourism Development Authority will serve to promote travel, tourism, and conventions within Wayne County. The County appoints all 12 members of the Authority's board.

The government-wide financial statements are on Exhibits 1 and 2 of this report.

Fund Financial Statements

The fund financial statements provide a more detailed look at the County's most significant activities. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Wayne County, like all other governmental entities in North Carolina, uses fund accounting to ensure and reflect compliance (or non-compliance) with finance-related legal requirements, such as the General Statutes or the County's budget ordinance. All of the funds of Wayne County can be divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental Funds – Governmental funds are used to account for those functions reported as governmental activities in the government-wide financial statements. Most of the County's basic services are accounted for in governmental funds. These funds focus on how assets can readily be converted into cash flow in and out, and what monies are left at year-end that will be available for spending in the next year. Governmental funds are reported using an accounting method called *modified accrual accounting*. This method also has a current financial resources focus. As a result, the governmental fund financial statements give the reader a detailed short-term view that helps him or her determine if there are more or less financial resources available to finance the County's programs. The relationship between government activities (reported in the Statement of

Net Position and the Statement of Activities) and governmental funds is described in a reconciliation that is a part of the fund financial statements.

Wayne County adopts an annual budget for its General Fund, as required by the General Statutes. The budget is a legally adopted document that incorporates input from the citizens of the County, the management of the County, and the decisions of the Board about which services to provide and how to pay for them. It also authorizes the County to obtain funds from identified sources to finance these current period activities. The budgetary statement provided for the General Fund demonstrates how well the County complied with the budget ordinance and whether or not the County succeeded in providing the services as planned when the budget was adopted. The budgetary comparison statement uses the budgetary basis of accounting and is presented using the same format, language, and classifications as the legal budget document. The statement shows four columns: 1) the original budget as adopted by the board; 2) the final budget as amended by the board; 3) the actual resources, charges to appropriations, and ending balances in the General Fund; and 4) the difference or variance between the final budget and the actual resources and charges.

Proprietary Funds – Wayne County has two kinds of proprietary funds, enterprise funds and internal service funds. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. Wayne County uses enterprise funds to account for its sewer activity, emergency management services, airport, agricultural center and its landfill operations. These funds are the same as those functions shown in the business-type activities in the Statement of Net Position and the Statement of Activities. *Internal Service Funds* are an accounting device used to accumulate and allocate costs internally among the functions of Wayne County. The County uses an internal service fund to account for three activities – health insurance benefits, workman's compensation and fleet management. Because this operation benefits predominantly governmental rather than business-type activities, the internal service fund has been included within the governmental activities in the government-wide financial statements

Fiduciary Funds – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Wayne County has six fiduciary funds, which are agency funds.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes start on page 45 of this report.

Other Information – In addition to the basic financial statements and accompanying notes, this report includes certain required supplementary information concerning Wayne County's progress in funding its obligation to provide pension benefits to its employees. Required supplementary information can be found beginning on page 104 of this report.

Government Wide Financial Analysis

As noted earlier, net position may serve over time as one useful indicator of a government's financial condition. The County's assets and deferred outflows of resources exceeded liabilities by \$158,756,249 as of June 30, 2020. The County's net position increased by \$709,114 for the fiscal year ended June 30, 2020. One of the largest portions \$143,061,018, 90.11%, reflects the County's net investment in capital assets (e.g. land,

buildings, machinery, and equipment). Wayne County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Wayne County's investment in its capital assets is reported net of the outstanding related debt, the resources needed to repay that debt must be provided by other sources, since the capital assets cannot be used to liquidate these liabilities. An additional portion of Wayne County's net position \$28,895,002, 18.20%, represents resources that are subject to external restrictions on how they may be used. The remaining balance of (\$13,199,771) (8.31%) is unrestricted.

Total net position	<u>\$ 104,415,957</u>	<u>\$ 109,178,012</u>	<u>\$ 54,340,292</u>	<u>\$ 48,869,123</u>	<u>\$ 158,756,249</u>	<u>\$ 158,047,135</u>

Several particular aspects of the County's financial operations influenced the total unrestricted governmental net position:

- A negative unrestricted net position is shown this year for two reasons:
 - First, the County's OPEB (Other Post-Employment Benefits) liability creates a restriction on funds under a worst-case scenario. It accrues the entire liability, although it is not anticipated this liability would be realized at one time.
 - Second, the County funds school capital projects in a number of ways. Some of these projects are debt-funded, so the liability is placed on the County's balance sheet. However, the asset remains with the schools, so the County is not able to balance the liability with a corresponding asset.
- The following factors help contribute to a healthy overall net position for the County:
 - Increased grant revenue, specifically for the Jetport and Sewer to fund capital projects and expansion.

- Continued diligence in the collection of property taxes by maintaining a high collection percentage of 98.28%.
- Planning and management of revenues and expenditures through the use of financial models for the capital, debt service, and various operating budgets.
- Increased sales tax revenue of approximately \$1.8 million due to economic growth in the County. However, the impacts of the COVID-19 pandemic were not really impactful to this fiscal year's sales tax collections since the time lapse between the sales of goods to the receipt of the sales tax by the County is 4 months.

Governmental activities: Governmental activities decreased the County's net position by \$4,212,055 before restatement, thereby accounting for a portion of the total loss in the

net position of Wayne County. The note disclosures provide more information on this restatement. Key elements of this increase are as follows:

- Falling interest rates due to a weaker interest rate environment, both before and after the onset of COVID-19 reduced the amount of interest significantly for the fiscal year over the prior year.
- Significant increase in educational spending as capital funds were spent down by both the public schools and community college on small capital projects. The County also increased teacher supplements and current expense funds to the public schools. Additional funds were allotted and spent on the Southern Wayne High School gym and Advanced Manufacturing Center at Wayne Community College.
- Increased collection of property and sales taxes above the budgeted amount assisted with offsetting the decreasing net position.
- Received various hurricane-related reimbursements from SARP and HMGP to offset expenditures in the prior and current fiscal years.
- Decrease in transfers to other funds due to completion of various capital projects.

Business-type activities: Proprietary activities increased the County's net position by \$4,921,169. Key elements of this increase are as follows:

- Increase in NCDOT & FAA grants to help fund capital projects and expansion in the Jetport Fund.
- Increase in grant monies received in the Sewer Fund through the Golden Leaf Grant to replace the Genoa lift station. Operational costs were also reduced.

Financial Analysis of the County's Funds

As noted earlier, Wayne County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds: The focus of Wayne County's governmental funds is to provide information on near-term inflows, outflows, and balances of usable resources. Such information is useful in assessing Wayne County's financing requirements. Specifically, fund balance available for appropriation can be a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of Wayne County. At the end of the current fiscal year, Wayne County's fund balance available in the General Fund was \$13,345,076, while total fund balance was \$36,681,130. Fund balance available in the General Fund decreased from the prior year by \$7,345,611. The majority of this decrease was due to the County advancing funds for capital projects that will be reimbursed with debt proceeds after the fiscal year. The public schools and community college both spent down some of their fund balance reserves on small capital projects. Also, additional funds were transferred to the Southern Wayne High School gym project. The remainder is due to a planned bridge year of supporting debt service until some of the debt service was retired during the year. The Governing Body of Wayne County has determined that the county should maintain an available fund balance of 14% of budgeted general fund expenditures in case of unforeseen needs or opportunities, in addition to meeting the cash flow needs of the County. The County currently has an available fund balance of 10.51% of general fund expenditures, while total fund balance represents 28.90% of that same amount.

At June 30, 2020, the governmental funds of Wayne County reported a combined fund balance of \$52,447,398, a 16.51% decrease over last year. This decrease is due primarily to spending down of bond and sales tax proceeds for Southern Wayne High School gym and county funds for the A. Joe Gurley III, Emergency Services Building. The remainder was due to reasons explained in the above paragraph.

General Fund Budgetary Highlights: During the fiscal year, the County revised the budget on several occasions. Generally, budget amendments fall into one of three categories: 1) amendments made to adjust the estimates that are used to prepare the original budget ordinance once exact information is available; 2) amendments made to recognize new funding amounts from external sources, such as Federal and State grants; and 3) increases in appropriations that become necessary to maintain services. Total amendments to the General Fund increased revenues by \$18.5 million or approximately 17.46%. The County amended its anticipated revenues from FEMA due to the impact of Hurricane Florence by an increase of \$482,000. The Board of Commissioners anticipated additional revenues of \$985,000 for additional grant funds for the Stream Debris Removal project. The bulk of the increase in revenues were a result of Hazard Mitigation grant program funds awarded to the County in the amount of \$11.7 million related to the Hurricane Matthew recovery. The remainder of the budget amendments were to anticipate various grants awarded during the year, including larger grants such as a Rural Ready sites grant for \$1.8 million.

Changes in the amount of fund balance appropriated of \$13.2 million also occurred. A bulk of the change occurred with funding of capital projects in advance from the General Fund that were later reimbursed through a debt financing that occurred after the fiscal year end. These projects are described in Item #22 in the Transmittal Letter under Major Initiatives. The County also experienced an increase in inmate medical and safekeeping expenditures above what was originally budgeted. Other appropriations to fund balance included carrying forward unspent balances for the college and public schools as well as economic development projects.

In response to the challenges presented by other postemployment benefits (OPEB), the County Healthcare Benefits Plan has been amended to exclude post-employment benefits for all employees hired after June 30, 2009. The cost for personnel is generally the largest single expenditure category in the budget.

General Fund revenues were under budget by \$9.4 million, a 7.5% variance from final budget, reflecting increased collection of ad valorem taxes of \$750,000 and sales taxes of \$2.5 million. The remaining bulk of revenues that were significantly under budget included restricted intergovernmental revenues of state administrative funds for Social Services, economic development grant incentives, Hazard Mitigation and SARF funding. These grant spending restrictions had either not yet been met at the fiscal year end or had not been received from the government at the close of the year.

General Fund expenditures were under budget \$19.7 million, a variance of 15.5% from the final budget, (\$1.18 million) of which was in general government capital outlay that was not completed, and grant funds that were not spent in their entirety at year-end, (\$5.36 million) of which was in health and human services where vacancies or employee turnover created lapsed salaries in both Social Services and Health, (\$1.92 million) of which was in public safety where vacancies and employee turnover created lapsed salaries in the Sheriff's Office, Detention Center, 911 and Animal Control, (\$1.24 million) of which was in education where spending did not reach the expected levels, (\$9.76 million) of which was

in economic development where spending did not reach the expected level due to slower spending of Hazard Mitigation funds from Hurricane Matthew due to program timelines and grant/pay-go projects were not completed at year-end. Due to travel restrictions from COVID-19 beginning in March of 2020, expenditures were reduced in areas of Travel, Meals & Lodging, Training & Fuel. Other variances relate to departments consciously controlling spending and working toward more efficient operations which resulted in the remaining under budget portion.

Proprietary Funds: Wayne County's proprietary funds provide the same type of information found in the government-wide statements but in more detail. Unrestricted net position of the proprietary funds at the end of the fiscal year amounted to \$4,505,790. The total increase in net position for the Solid Waste Disposal Fund was \$520,192. Increase in net position of the EMS – EMS Net Fund at the end of the fiscal year amounted to \$874,302. The Maxwell Center decreased net position by \$49,751. Increase in net position of the Jetport Fund was \$3,594,301. The Sewer Fund, non-major fund, decreased net position by \$11,710. Other factors concerning the finances of these funds have already been addressed in the discussion of Wayne County's business-type activities.

Capital Asset and Debt Administration

Capital assets: Wayne County's capital assets for its governmental and business – type activities as of June 30, 2020, totals \$218,340,804 (net of accumulated depreciation). These assets include buildings, land, machinery and equipment, and vehicles.

Figure 4

Major capital asset transactions during the fiscal year include:

- Ribbon cutting and significant progress on the A. Joe Gurley, III Emergency Services Building
- Progress on a shell building for economic development
- Purchase of additional vehicles for the Sheriff's Office
- Completion of sewer lift station replacement

- Began construction of new radio towers and radio system upgrade
- First major module of Finance software replacement started and completed
- Purchase of land for future Fremont Elementary School
- Purchase of land and additional hangars for Jetport projects
- Progress on the Jetport's Corporate Area Expansion Project
- Completed purchases of several HMGP properties

Additional information on the County's capital assets can be found in note 6 of the Basic Financial Statements.

Long-term Debt: As of June 30, 2020, Wayne County had limited obligation bonds, promissory notes, and installment purchase contracts of \$76,418,783 secured by the property and equipment.

Figure 5

**Wayne County's Outstanding Debt
General Obligation and Revenue Bonds**
(In Millions)

	Governmental Activities		Business-type Activities		Totals	
	2020	2019	2020	2019	2020	2019

Installment purchase contr.	<u>43.837</u>	<u>46.126</u>	<u>1.662</u>	<u>2.073</u>	<u>45.500</u>	<u>48.199</u>
Totals	<u>\$ 63.557</u>	<u>\$ 66.681</u>	<u>\$ 12.862</u>	<u>\$ 14.343</u>	<u>\$ 76.420</u>	<u>\$ 81.024</u>

Wayne County's total debt decreased by \$4,604,877, 5.68% during the past fiscal year.

The State of North Carolina limits the amount of general obligation debt that a unit of government can issue to 8 percent of the total assessed value of taxable property located within that government's boundaries. The legal debt margin for the Wayne County is \$701,682,081. The County has no bonds unissued at June 30, 2020.

Additional information regarding Wayne County's long-term debt can be found in note 7 beginning on page 93 of this audited financial report.

Economic Factors and Next Year's Budgets and Rates

The following key economic indicators reflect the growth and prosperity of the County.

The following key economic indicators reflect the growth and prosperity of the County.

- As mentioned in the Letter of Transmittal, the County was declared to be in a State of Emergency beginning in March of 2020 due to the COVID-19 global pandemic. As of the date of this report, the County is still in a State of Emergency. The

pandemic caused business and school shutdowns for extended periods of time, and the economic impact could not be known for certain at the time of budget preparation. The County took a conservative stance with respect to projecting revenues and expenditures for the 20-21 budget year understanding that figures may have to be amended as the year progressed and the effects of the pandemic were realized.

- The June 2020, not seasonally adjusted, unemployment rate for Wayne County was 6.9%, which was higher than the June 2019 rate of 4.8%. The State's not seasonally adjusted unemployment rate as of June 2020 was 7.7% which is up from the June 2019 rate of 4.4%.
- As of 2018, the per capita income for Wayne County was \$38,472, which is lower than the State average of \$46,802. Wayne County's median household income is \$41,572, which is lower than the State's median household income of \$52,752.
- The property tax base was projected to grow by a small rate of 1.00%. This was a conservative rate since the impact of COVID-19 on property tax collections could not be known at the time of budget preparation.
- There was no growth projected for sales taxes due to COVID-19. The County and State have seen a steady increase in this revenue base due to economic growth and favorable changes in laws regarding services that are now taxable. However, at the time of budget preparation and due to the span of time between retail sales and disbursement of sales taxes, the impact of the pandemic could not be known at budget preparation.

All of these factors were considered in preparing Wayne County's budget for Fiscal Year 2020-2021.

Budget Highlights for the Fiscal Year Ending June 30, 2021

Governmental Activities:

- The property tax rate remained the same for the fiscal year 2020-2021 budget \$.6635 per \$100 of assessed valuation.
- The County approved an original budget of \$175,543,503 for fiscal year 2021, and the budget included no growth in sales taxes as explained above.
- There were no merit increases or cost of living adjustments for employees budgeted for FY 2021. Due to the uncertainty surrounding the cost and economic impact of COVID-19, only targeted salary increases were approved in the budget based on salary studies and employee turnover.
- The budget included an 8.9% increase in the County's portions of medical insurance premiums for the PPO and the HSA Plan. The employees also saw an 8.9% increase in the premiums of the dependent care options.
- As mandated by the North Carolina Local Government Retirement System, all county employers were required to increase their Local Government Retirement Employer contribution by 1.2% and the Law Enforcement contribution by 1.2%, an increase to payroll of \$440,000.

- Anticipated use of General Fund Balance was budgeted slightly over \$2.6 million. However, this represents a decrease of \$400,000 from the original budget last year. This decrease is due to the completion of various capital projects last year and paying down some debt. The Fund Balance being appropriated in the 2020-2021 budget is partially being used to bridge a two-year gap until some existing debt is paid off. This was a planned use of Fund Balance by the Board of Commissioners. The remaining use of Fund Balance is planned to fund one-time capital projects for various departments on a pay-go basis.

Business – type Activities: Wayne County has five business type activity funds. The EMS-EMS Net fund budget decreased due to a change in billing companies with reduced operating expenditures and the forecasted closing of Wayne NET, as described in the Subsequent Events Note Disclosure. Solid Waste has a small increase in revenues based on historical collections in user fees. The Jetport had a significant decrease from the prior year due to timing of grants budgeted and reduction in transfers and fund balance appropriated. However, the Jetport will have additional grant revenues and expenditures appropriated throughout the year as they are awarded. The Board of Commissioners approved an 8% increase in the Sewer Fund fee rates. The rising costs of the expenditures of this fund, coupled with improvements needed to the sewer system justified increasing the rates for this fund. The overall budget decreased; however, due to budgeting fees based on more accurate meter readings and completion of capital projects. Finally, the Maxwell Center was seeing a nice increase in revenues prior to COVID-19. However, due to the stay-home orders issued by the State of North Carolina, bookings had to be canceled or rescheduled. Anticipated fees had to be adjusted down to account for the unknown booking revenue losses in the 2020-2021 fiscal year. Transfers to the fund increased to cover the annual debt service payment, capital outlay and operational losses due to COVID-19.

Requests for Information

This report is designed to provide an overview of the County's finances for those with an interest in this area. Questions concerning any of the information found in this report or requests for additional information should be directed to the Director of Finance, Wayne County, PO Box 227, Goldsboro, NC 27533-0227. You can also call 919-731-1437 or visit our website www.waynegov.com.

Wayne County, North Carolina
Balance Sheet
Governmental Funds
June 30, 2020

Amounts reported for governmental activities in the statement of net position (Exhibit 1) are different because:

Total fund balances \$ 52,447,398

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital assets used in governmental activities are not current financial resources and therefore are not reported in this fund financial statement, but are reported in the governmental activities of the Statement of Net Position.

155,459,398

The assets and liabilities of certain internal service funds are not included in the fund financial statement, but are included in the governmental activities of the Statement of Net Position.

2,486,294

Net deferred inflows of resources for taxes and special assessments receivables

2,394,575

Some liabilities, (such as notes payable, capital lease contract payable, other postemployment benefits, long-term compensated absences, and bonds payable), are not due and payable in the current period and are not included in the fund financial statement, but are included in the governmental activities of the Statement of Net Position.

(66,317,941)

Net pension liability - LGERS

(13,075,105)

LGERS - Contributions and other activity to the pension plan in the current fiscal year are deferred outflows of resources on the Statement of Net Position

7,492,623

LGERS - Contributions and other activity to the pension plan in the current fiscal year are deferred inflows of resources on the Statement of Net Position

(180,281)

Net pension liability - LEOSSA

(3,119,471)

LEOSSA - Contributions and other activity to the pension plan in the current fiscal year are deferred outflows of resources on the Statement of Net Position

620,973

LEOSSA - Contributions and other activity to the pension plan in the current fiscal year are deferred inflows of resources on the Statement of Net Position

(88,175)

Net pension asset - ROD

163,353

ROD - Contributions and other activity to the pension plan in the current fiscal year are deferred outflows of resources on the Statement of Net Position

24,546

ROD - Contributions and other activity to the pension plan in the current fiscal year are deferred inflows of resources on the Statement of Net Position

(7,877)

Net OPEB liability

(33,287,380)

OPEB - Contributions and other activity to the OPEB plan in the current fiscal year are deferred outflows of resources on the Statement of Net Position

2,995,024

OPEB - Contributions and other activity to the OPEB plan in the current fiscal year are deferred inflows of resources on the Statement of Net Position

(3,591,997)

Net position of governmental activities

\$ 104,415,957

Wayne County, North Carolina
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of
Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2020

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds:	\$	(10,372,938)
---	----	--------------

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expenses. This is the amount by which capital outlays exceeded depreciation in the current period.	6,326,236
--	-----------

Cost of capital asset disposed of during the year, not recognized on modified accrual basis.	(178,523)
--	-----------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transactions have any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.	3,694,469
--	-----------

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.	(60,831)
--	----------

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	107,025
---	---------

Internal service funds are used by management to charge the costs of health insurance and fleet management to individual funds. The net revenue (expense) of the internal service fund is reported with governmental activities.	(274,779)
--	-----------

Contributions and costs, net, to the LGERS pension plan in the current fiscal year are not included on the Statement of Activities.	(3,199,839)
---	-------------

Contributions and costs, net, to the LEOSSA pension plan in the current fiscal year are not included on the Statement of Activities.	(241,035)
--	-----------

Contributions and costs, net, to the ROD pension plan in the current fiscal year are not included on the Statement of Activities.	(12,549)
---	----------

Contributions and costs, net, to the OPEB plan in the current fiscal year are not included on the Statement of Activities.	709
--	-----

Total changes in net position of governmental activities	<u>\$</u> <u><u>(4,212,055)</u></u>
--	-------------------------------------

The notes to the financial statements are an integral part of this statement.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

I. Summary of Significant Accounting Policies

The accounting policies of Wayne County and its component units conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant accounting policies:

A. Reporting Entity

The County, which is governed by a seven-member board of commissioners, is one of the 100 counties established in North Carolina under North Carolina General Statute 153A-10. As required by generally accepted accounting principles, these financial statements present the County and its component units, legally separate entities for which the County is financially accountable. Wayne County Industrial Facility and Pollution Control Financing Authority exists to issue and service revenue bond debt of private businesses for economic purposes. The Authority has no financial transactions or account balances; therefore, it is not presented in the basic financial statements. The Wayne County ABC Board (the ABC Board) and the Wayne County Tourism Development Authority (Wayne County TDA) have a June 30 year-end and are presented as if it is a separate funds of the County (discrete presentation).

Component Unit	Reporting Method	Criteria for Inclusion	Separate Financial Statements
Wayne County Alcoholic Beverage Control Board	Discrete	The members of the ABC Board's governing board are appointed by the County. The ABC Board is required by State statute to distribute its surpluses to the General Fund of the County.	Wayne County Alcoholic Beverage Control Board 206 E. Mulberry Street Goldsboro, NC 27530
Wayne County Tourism Development Authority	Discrete	The Authority exists to promote travel and tourism within the County. The members of the TDA's governing board are appointed by the County. The Authority was created by Wayne County and the County Finance Officer is the ex officio finance officer of the Authority.	Wayne County Tourism Development Authority P.O. Box 227 Goldsboro, N.C. 27533

B. Basis of Presentation, Basis of Accounting

Basis of Presentation, Measurement Focus – Basis of Accounting

Government-wide Statements: The statement of net position and the statement of activities display information about the primary government net position (the County) and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities and the internal activities have been allocated between governmental and business-type activities in the process of consolidating the internal activities. These statements distinguish between the governmental and business-type activities of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

The statement of activities presents a comparison between direct expenses and program revenues for the different business-type activities of the County and for each function of the County's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Indirect expense allocations that have been made in the funds have been reversed for the statement of activities. Program revenues include (a) fees and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fund Financial Statements: The fund financial statements provide information about the County's funds, including its fiduciary funds. Separate statements for each fund category – governmental, proprietary, and fiduciary – are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies, result from non-exchange transactions. Other non-operating items such as investment earnings are ancillary activities.

The County reports the following major governmental fund:

General Fund: This is the County's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The Tax Revaluation Fund is a legally budgeted fund under North Carolina General Statutes; however, in accordance with GASB Statement No. 54, it is consolidated in the General Fund.

Non-major Funds: The County maintains ten legally budgeted or project length budgeted funds and one permanent fund. The Emergency Telephone System Fund, the Fire District Fund, the Community Development Fund, the Utility Fund, and the Street Assessment Fund are reported as non-major special revenue funds. The County Public School Capital Project Fund – Meadow Lane, the County Capital Project Fund, the County Public School Capital Project Fund-School Buildings, the County Public School Capital Project Fund-School Renovations, the County Capital Reserve Projects Fund, and the County Capital Project-911 Call Center Fund, are reported as capital projects funds. The Permanent Fund-Senior Center is reported as a non-major permanent fund. A description of each follows:

Emergency Telephone Service Fund: This fund accounts for the accumulation of permits and fees to be used in the operations of the 911 emergency service system.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Fire District Fund: This fund accounts for the ad valorem tax levies of the twenty-six fire districts in Wayne County.

Community Development Fund: This fund accounts for the costs of construction and collection of resources from Federal Community Development Block Grant programs designated for specific development projects.

Utility Fund: This fund accounts for the costs of street lights and the collection of resources from residents in specific neighborhoods in Wayne County.

Street Assessment Fund: This fund accounts for the costs of improvements to the streets and the collections of resources from residents in specific neighborhoods in Wayne County.

County Public School Capital Project Fund – Meadow Lane: This capital project fund accounts for the costs of construction and related funding sources for a specific construction project for Meadow Lane Elementary School.

County Capital Projects Fund: This capital project fund accounts for the costs of construction and related funding sources for capital projects of a general nature.

County Public School Capital Project Fund-School Buildings: This capital project fund accounts for the costs of construction and related funding sources for school related capital projects.

County Public School Capital Project Fund-School Renovations: This capital project fund accounts for the costs of school renovations and related funding sources for school related capital projects.

County Capital Reserve Project Fund: This capital project fund accounts for the accumulation of resources for future capital projects.

County Capital Project-911 Call Center Fund: This capital project fund accounts for the costs of construction and future funding sources for capital projects of the emergency call center.

Permanent Fund-Senior Center: This funds account for the earnings of an endowment for the specific purpose of funding projects and expenses related to the Senior Center.

The County reports the following major enterprise funds:

Solid Waste Disposal Fund: This fund accounts for the operation, maintenance, and development of various landfills and disposal sites.

EMS – EMS Net Fund: This fund is used to account for the operations of the emergency and nonemergency transportation medical services within the County.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Maxwell Regional Agricultural & Convention Center (Maxwell Center) Fund: This fund is used to account for the operations of the agricultural and convention center. The building of the center was completed during the fiscal year.

Jetport Fund: This fund is used to account for the operations of the municipal airport services within the County.

The County reports the following non-major enterprise fund:

Sewer Fund: This fund is used to account for the operations of the County's sewer activities.

The County reports the following fund types:

Internal Service Funds: The County has a Hospital Self Insurance Fund for the accumulation and allocation of health insurance costs, the WC Self Insurance Fund for the accumulation of workman's compensation insurance costs, and the Fleet Management Fund for the accumulation of vehicle repair and maintenance costs.

Agency Funds: Agency funds are custodial in nature and do not involve the measurement of operating results. Agency funds are used to account for assets the County holds on behalf of others. The County maintains the following agency funds: the Social Services Fund, which accounts for moneys deposited with the Department of Social Services for the benefit of certain individuals; the Fines and Forfeitures Fund, which accounts for various legal fines and forfeitures that the County is required to remit to the Wayne County Board of Education; the Municipal Tax Fund, which accounts for funds that are billed and collected by the County for various municipalities and special districts within the County but that are not revenues to the County; the Court Costs Fund for moneys deposited with the Tax Collectors Department for the benefit of the Clerk of Court; the Sheriff Department Fund for moneys deposited with the Sheriff Department on behalf of the Clerk of Court and for moneys deposited for the benefit of inmates; the Miscellaneous Agency Funds which account for moneys collected from various civic organizations and held in a fiduciary capacity to augment the activities financed by public funds.

Measurement Focus, Basis of Accounting

In accordance with North Carolina General Statutes, all funds of the County are maintained during the year using the modified accrual basis of accounting.

Government-wide, Proprietary, and Fiduciary Fund Financial Statements: The government-wide, proprietary, and fiduciary fund financial statements are reported using the economic resources measurement focus, except for the agency funds which have no measurement focus. The government-wide, proprietary fund and fiduciary fund financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which the County gives (or receives) value without directly receiving (or giving) equal value in exchange,

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available.

Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

The County considers all revenues available if they are collected within 90 days after year-end, except for property taxes. Ad valorem property taxes are not accrued as revenue because the amount is not susceptible to accrual. At June 30, taxes receivable for property other than motor vehicles are materially past due and are not considered to be an available resource to finance the operations of the current year. Also, as of September 1, 2013, State law altered the procedures for the assessment and collection of property taxes on registered motor vehicles in North Carolina. Effective with this change in the law, the State of North Carolina is responsible for billing and collecting the property taxes on registered motor vehicles on behalf of all municipalities and special tax districts. Property taxes are due when vehicles are registered. The billed taxes are applicable to the fiscal year in which they are received. Uncollected taxes were billed in periods prior to September 1, 2013 and for limited registration plates are shown as a receivable in these financial statements and are offset by deferred inflows of resources.

Sales taxes and certain intergovernmental revenues, such as the utilities franchise tax, collected and held by the State at year-end on behalf of the County are recognized as

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

revenue. Intergovernmental revenues and sales and services are not susceptible to accrual because generally they are not measurable until received in cash. All taxes, including those dedicated for specific purposes are reported as general revenues rather than program revenues. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been satisfied.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

C. Budgetary Data

The County's budgets are adopted as required by the North Carolina General Statutes. An annual budget is adopted for the General Fund, the Emergency Telephone Fund, the Fire District Fund, the Community Development Fund, the Utility Fund, the Street Assessment Fund, the Enterprise Funds and the Internal Service Funds. All annual appropriations lapse at the fiscal year-end. Project ordinances are adopted for all of the capital projects funds, which are consolidated with the enterprise operating funds for reporting purposes.

All budgets are prepared using the modified accrual basis of accounting. Expenditures may not legally exceed appropriations at the object level for all annually budgeted funds and multi-year funds (capital projects). Amendments are required for any revisions to the approved budgets and may fall into one of two categories: Manager approval or Commissioner approval. Manager approval amendments require County Manager approval and include the following: funds transferred between line items within a department less than \$5,000 and unspent funds reappropriated from one fiscal year to the next without changes. Commissioner approval budget amendments require Board of Commissioner approval upon the following circumstances: funds transferred between line items over \$5,000 or between departments, reappropriation of funds from a prior year to a different purpose and amounts that increase or decrease the department's budget. During the year, amendments to the original budget were necessary. The budget ordinance must be adopted by July 1 of the fiscal year or the governing board must adopt an interim budget that covers that time until the annual ordinance can be adopted. The Permanent Fund-Senior Center is not required to be budgeted.

D. Assets, Liabilities, Deferred Inflows and Outflows of Resources, and Fund Equity

1. Deposits and Investments

All deposits of the County, the Wayne County Tourism Development Authority, and the ABC Board are made in board-designated official depositories and are secured as required

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

by G.S. 159-31. The County, the Wayne County Tourism Development Authority, and the ABC Board may designate, as an official depository, any bank or savings association whose principal office is located in North Carolina. Also, the County, the Wayne County Tourism Development Authority, and the ABC Board may establish time deposit accounts such as NOW and SuperNOW accounts, money market accounts, and certificates of deposit.

State law [G.S. 159-30(c)] authorizes the County, the Wayne County Tourism Development Authority, and the ABC Board to invest in obligations of the United States or obligations fully guaranteed both as to principal and interest by the United States; obligations of the State of North Carolina; bonds and notes of any North Carolina local government or public authority; obligations of certain non-guaranteed federal agencies; certain high quality issues of commercial paper and bankers' acceptances and the North Carolina Capital Management Trust (NCCMT).

The majority of the County's investments are carried at fair value. Non-participating interest earning contracts are accounted for at cost. The ABC Board and the Wayne County Tourism Authority do not have any investments as of June 30, 2020.

- The North Carolina Capital Management Trust (NCCMT), which consists of two SEC-registered funds, is authorized by G.S. 159-30(c)(8). One of these funds, the Government Portfolio is a 2a-7 fund which invests in treasuries and government agencies and is rated AAA rating by S&P. The second fund, the Term Portfolio, is a short-term bond fund investing in treasuries, government agencies, and money market instruments allowed under G.S. 15-30. The Term Portfolio has no rating. Both the NCCMT Government and Term Portfolios are reported at fair value.

2. Cash and Cash Equivalents

The County pools moneys from several funds, except some fiduciary type funds, to facilitate disbursement and investment and to maximize investment income. Therefore, all cash and investments are essentially demand deposits and are considered cash and cash equivalents. The ABC Board and the Wayne County Tourism Development Authority considers demand deposits and investments purchased with an original maturity of three months or less, which are not limited as to use, to be cash and cash equivalents.

3. Restricted Assets

Money in the General Fund used for Tax Revaluation is classified as restricted assets because its use is restricted per North Carolina General Statute 153A-150. Some special revenue, capital project, and proprietary funds' cash and cash equivalents are restricted to the service for which the deposit was collected. In addition, money in the Qualified School Construction Bond Sinking Fund account is restricted based on the terms of its related debt covenant.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Wayne County, North Carolina Restricted Cash

Current Assets:

Governmental Activities

General Fund	Tax Revaluation	\$ 565,677
Special Revenue Fund	Emergency Telephone	2,030,091
Special Revenue Fund	Fire Districts	2,397
Special Revenue Fund	Community Development	7,557
Special Revenue Fund	Neighborhood Utility and Roads	398,282
Capital Projects Fund	General Government Bond	372,158
Capital Projects Fund	School Buildings	3,764,537
Permanent Fund	Senior Center	7,379
Restricted Cash, Current Assets - Governmental		<u>7,148,078</u>
Business-type Activities		
Sewer Fund	Debt Proceeds	7,940
MRACC Fund	Debt Proceeds	20,894
Restricted Cash, Current Assets - Business-type		<u>28,834</u>
Total Restricted Cash, Current Assts		<u>7,176,912</u>

Noncurrent Assets:

Governmental Activities

General Fund	QSCB Sinking Fund	<u>8,575,674</u>
Total Restricted Cash, Noncurrent Assets		<u>8,575,674</u>
Total Restricted Cash		<u>\$ 15,752,586</u>

4. Ad Valorem Taxes Receivable

In accordance with State law [G.S. 105-347 and G.S. 159-13(a)], the County levies ad valorem taxes on property other than motor vehicles on July 1, the beginning of the fiscal year. The taxes are due on September 1 (lien date); however, penalties and interest do not accrue until the following January 6. These taxes are based on the assessed values as of January 1, 2020.

5. Allowances for Doubtful Accounts

All receivables that historically experience uncollectible accounts are shown net of an allowance for doubtful accounts. This amount is estimated by analyzing the percentage of receivables that were written off in prior years.

6. Inventories and Prepaid Items

The inventories of the County's enterprise funds are valued at cost (first-in, first-out), which approximates market. The inventory consists of fuel held for consumption or resale. The cost of the inventory is recorded as an expense as it is consumed or sold.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

The inventories of the ABC Board are valued at the lower of cost (first-in, first-out) or market. The inventory consists of materials and supplies held for consumption or resale. The cost of the inventory is recorded as an expense as it is consumed or sold.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

7. Capital Assets

Purchased or constructed capital assets are reported at cost or estimated historical cost. Donated capital assets received prior to July 1, 2015 are recorded at their estimated fair value at the date of donation. Donated capital assets received after July 1, 2015 are recorded at acquisition value. Minimum capitalization costs are as follows: land, \$5,000; buildings, improvements, substations, lines, and other plant and distribution systems, \$5,000; infrastructure, \$5,000; furniture and equipment, \$5,000; vehicles, \$5,000, and computer software, \$5,000. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

The County holds title to certain Wayne County Board of Education properties that have not been included in capital assets. The properties have been deeded to the County to permit installment purchase financing of acquisition and construction costs and to permit the County to receive refunds of sales tax paid for construction costs. Agreements between the County and the Board of Education give the Board of Education full use of the facilities, full responsibility for maintenance of the facilities, and provide that the County will convey title to the property back to the Board of Education, once all restrictions of the financing agreements and all sales tax reimbursement requirements have been met. The properties are reflected as capital assets in the financial statements of the Wayne County Board of Education.

Capital assets of the County are depreciated on a straight-line basis over the following estimated useful lives:

	Years
Sewer improvements	40
Buildings	40
Improvements	40
Land improvements	20
Contractor equipment	5 - 15
Equipment	10 - 20
Vehicles	3 - 10
Computer Software	5

Capital assets of the ABC Board are depreciated over their useful lives on a straight-line basis as follows:

	Years
Buildings and improvements	10 - 35
Leasehold improvements	7 - 35
Furniture and equipment	10
Vehicles	5

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

8. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflow of resources. This separate financial statement element, Deferred Outflows of Resources, represents a consumption of net position that applies to a future period and so will not be recognized as an expense or expenditure until then. The County has several items that meet this criterion – pension/other post-employment benefit related deferrals and contributions made to the pension plan/other post-employment benefit plan in the current fiscal year. In addition to liabilities, the statement of financial position can also report a separate section for deferred inflows of resources. This separate financial statement element, Deferred Inflows of Resources, represents an acquisition of net position that applies to a future period and so will not be recognized as revenue until then. The County has three items that meet the criterion for this category – prepaid taxes, special assessments receivable, and other pension related deferrals.

9. Long-term Obligations

In the government-wide financial statements and in the proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position.

In the fund financial statements for governmental fund types, the face amount of debt issued is reported as another financing source.

10. Compensated Absences

The vacation policies of the County provide for the accumulation of up to thirty days earned vacation leave with such leave being fully vested when earned. For the County's government-wide and proprietary funds, an expense and a liability for compensated absences and the salary-related payments are recorded as the leave is earned.

The ABC Board employees may not accumulate vacation days.

The sick leave policies of the County and the ABC Board provide for an unlimited accumulation of earned sick leave. Sick leave does not vest, but any unused sick leave accumulated at the time of retirement may be used in the determination of length of service for retirement benefit purposes. Since neither the County, nor the ABC Board has any obligation for accumulated sick leave until it is actually taken, no accruals for sick leave have been made.

11. Net Position/Fund Balances

Net Position

Net position in government-wide and proprietary fund financial statements are classified as net investment in capital assets; restricted; and unrestricted. Restricted net position

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

represent constraints on resources that are either a) externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or b) imposed by law through state statute.

Unrestricted (deficit) Net Position

Under North Carolina law, the County is responsible for providing capital funding for the Wayne County Board of Education (School System). The County has chosen to meet its legal obligation to provide school capital funding by using a mixture of County funding and debt. Some of the assets funded by the County are owned, utilized and maintained by the School System. Since the County, as the issuing government, acquires no capital asset, the County has incurred a liability without a corresponding increase in assets.

Unrestricted net position for the fiscal year ending June 30, 2018 was significantly impacted by the implementation of GASB Statement No. 75, Accounting and Financial Reporting for Post-employment Benefits other than Pension. For additional information regarding the County's Other Post-Employment benefits, see Note B, 2, h.

Fund Balances

In the governmental fund financial statements, fund balance is composed of five classifications designed to disclose the hierarchy of constraints placed on how fund balance can be spent.

The governmental fund types classify fund balances as follows:

Nonspendable Fund Balance – This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact.

Restricted for Permanent Fund, Senior Center-principal – portion of fund balance that is permanently restricted by donor (only the earning may be used for the purpose of projects associated with the Senior Center).

Restricted Fund Balance – This classification includes revenue sources that are restricted to specific purposes externally imposed by creditors or imposed by law.

Restricted for Stabilization by State Statute – North Carolina G.S. 159-8 prohibits units of government from budgeting or spending a portion of their fund balance. This is one of several statutes enacted by the North Carolina State Legislature in the 1930's that were designed to improve and maintain the fiscal health of local government units. Restricted by State statute (RSS), is calculated at the end of each fiscal year for all annually budgeted funds. The calculation in G.S. 159-8(a) provides a formula for determining what portion of fund balance is available for appropriation. The amount of fund balance not available for appropriation is what is known as "restricted by State statute". *Appropriated fund balance in any fund shall not exceed the sum of cash and investments minus the sum of liabilities,*

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

encumbrances, and deferred revenues arising from cash receipts, as those figures stand at the close of the fiscal year next preceding the budget. Per GASB guidance, RSS is considered a resource upon which a restriction is “imposed by law through constitutional provisions or enabling legislation.” RSS is reduced by inventories and prepaids as they are classified as nonspendable. Outstanding Encumbrances are included within RSS. RSS is included as a component of Restricted Net position and Restricted fund balance on the face of the balance sheet.

Restricted for Future Debt Payments, QSCB – portion of fund balance that is restricted to pay future debt payments based on the terms of the debt covenants, see Note 7.

Restricted for Fire Protection – portion of fund balances that is restricted by revenue source for fire protection expenditures.

Restricted for Public Schools – portion of fund balance that can only be used for School Capital per G.S. 159-18-22 or restricted by debt agreements.

Restricted for Law Enforcement – portion of fund balance that is restricted by revenue source for law enforcement expenditures.

Restricted for Tax Revaluation – portion of the fund balance that is restricted by revenue source for future tax revaluation purposes.

Restricted for Public Safety – portion of fund balance that is restricted by revenue source for emergency telephone services.

Restricted for Community Development – portion of fund balance that is restricted by revenue source for Community Development Block Grant (CDBG).

Restricted for Transportation – portion of fund balance that is restricted by tax revenue collected for specific neighborhood utility and road improvements.

Restricted for Capital Improvements – portion of the fund balance that is restricted by debt agreement for capital improvements not yet spent as of the year-end.

Restricted for Grants – portion of the fund balance that is restricted by grant agreements.

Restricted for Permanent Fund, Senior Center-earnings – portion of fund balance from permanent non-spendable principal and only the earning may be used for the purpose of projects associated with the Senior Center.

Committed Fund Balance – Portion of fund balance that can only be used for specific purpose imposed by majority vote of Wayne County’s governing body (highest level of decision-making authority). Any changes or removal of specific purposes requires majority action by the governing board. In Wayne County, an ordinance or majority vote is equally binding.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Committed for Future Capital Projects – portion of fund balance that can only be used for future capital projects.

Committed for Community College – portion of fund balance that can only be used for capital projects of Wayne Community College.

Committed for Public Schools – portion of fund balance that can only be used for expenditures of the Wayne County Public School system.

Assigned Fund Balance – portion of fund balance that the Wayne County governing board has budgeted.

Assigned for Subsequent Year's Expenditures – portion of fund balance that is appropriated in the next year's budget that is not already classified in restricted or committed. The governing body approves the appropriation; however, the budget ordinance authorizes the manager to modify the appropriations by resource or appropriation within funds up to \$5,000.

Donations – portion of fund balance that is appropriated in next year's budget that is not already classified in restricted or committed. Donations were made to specific departments but were not used by the end of the fiscal year.

Unassigned Fund Balance – portion of fund balance that has not been restricted, committed, or assigned to specific purposes or other funds. A negative unassigned fund balance in governmental funds other than the general fund may be reported, if expenditures incurred exceed the amounts that are restricted, committed, or assigned to those purposes.

Wayne County has a revenue spending policy that provides guidance for programs with multiple revenue sources. The Finance Officer will use resources in the following hierarchy: bond proceeds, federal funds, state funds, local non-city funds, and county funds. For purposes of fund balance classification, expenditures are to be spent from restricted fund balance first, followed in order by committed fund balance, assigned fund balance, and lastly unassigned fund balance. The Finance Officer has the authority to deviate from this policy if it's in the best interest of the County.

Wayne County has also adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the County in such a manner that available fund balance is at least equal to or greater than 14% of budgeted expenditures. Any portion of the General Fund in excess of 14% of budgeted expenditures may be appropriated for a one-time expenditures and may not be used for any purpose that would obligate the County in a future budget.

12. Defined Benefit Pension Plans

The County participates in two cost-sharing, multiple-employer, defined benefit pension plans that are administered by the State; the Local Government Employees' Retirement System (LGERS) and the Registers of Deeds' Supplemental Pension Fund (RODSPF)

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

(collectively, the “state-administered defined benefit pension plans”). For purposes of measuring the net pension asset, deferred outflows of resources and deferred inflows of resources related to pension, and pension expense, information about the fiduciary net positions of the state-administered defined benefit pension plans and additions to/deductions from the state-administered defined benefit pension plans’ fiduciary net positions have been determined on the same basis as they are reported by the state-administered defined benefit pension plans. For this purpose, plan member contributions are recognized in the period in which the contributions are due. The County’s employer contributions are recognized when due and the County has a legal requirement to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the state-administered defined benefit pension plans. Investments are reported at fair value.

E. Reconciliation of Government-wide and Fund Financial Statements

1. Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position.

The governmental fund balance sheet includes a reconciliation between fund balance - total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. The net adjustment of \$51,968,559 consists of several elements as follows:

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Description	Amount
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds (total capital assets on government-wide statement in governmental activities column).	
Less accumulated depreciation	\$ 216,888,890
	<u>61,429,492</u>
	<u>155,459,398</u>
Internal service funds are used by management to charge the costs of health insurance, workman's compensation, and fleet management to individual funds. The assets and liabilities of the internal service funds are included in the governmental activities.	2,486,294
Liabilities for deferred inflows of resources reported in the fund statements but are not government-wide:	
Deferred inflows of resources for taxes and special assessments receivable.	2,394,575
LGERS - pension related deferrals	7,312,342
LGERS - net pension liability	(13,075,105)
LEOSSA - pension related deferrals	532,798
LEOSSA - net pension liability	(3,119,471)
ROD - pension related deferrals	16,669
ROD - net pension asset	163,353
OPEB - OPEB related deferrals	(596,973)
OPEB - net pension liability	(33,287,380)
Liabilities that because they are not due and payable in the current period, do not require current resources to pay and are therefore not recorded in the fund statements:	
Bonds, leases, and installment financing	(63,557,000)
Compensated absences	(2,213,587)
Accrued interest payable	<u>(547,354)</u>
	<u>(66,317,941)</u>
Total adjustment	<u><u>\$ 51,968,559</u></u>

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

2. Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balance and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. There are several elements of that total adjustment of \$6,160,883 as follows:

Description	Amount
Capital outlay expenditures recorded in the fund statements but capitalized as assets in the statement of activities.	\$ 12,485,169
Depreciation expense, the allocation of those assets over their useful lives that is recorded on the statements of activities but not in the fund statements.	(6,158,933)
Cost of capital assets disposed of during the year, not recognized on modified accrual basis.	(178,523)
Contributions and costs to the LGERS pension plan in the current fiscal year are not included on the Statement of Activities.	(3,199,839)
Contributions and costs to the LEOSSA pension plan in the current fiscal year are not included on the Statement of Activities.	(241,035)
Contributions and costs to the ROD pension plan in the current fiscal year are not included on the Statement of Activities.	(12,549)
Contributions and costs to the OPEB plan in the current fiscal year are not included on the Statement of Activities.	709
Principal payments owed are recorded as a use of funds on the fund statements and proceeds for debt are recorded as a source of funds on the fund statements but again affect only the Statement of Net Position in the government-wide statements.	3,694,469
Expenses reported in the statement of activities that do not require the use of current resources to pay are not recorded as expenditures in the fund statements:	
Difference in interest expense between fund statements and government-wide statements.	101,006
Compensated absences	6,019
Revenues reported in the statement of activities that do not provide current resources are not recorded as revenues in the fund statements:	(60,831)
Internal service funds are used by management to charge the cost of health insurance and fleet management to individual funds. The net revenue (expense) of the internal service fund is reported with governmental activities.	(274,779)
Total adjustment	<u><u>\$ 6,160,883</u></u>

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

II. Stewardship, Compliance, and Accountability

A. Significant Violations of Finance-Related Legal and Contractual Provisions

There were no material instances of noncompliance with the N.C. General Statutes.

III. Detail Notes on All Funds

A. Assets

1. Deposits

All of the County's the ABC Board's, and the Wayne County Tourism Development Authority's deposits are either insured or collateralized by using one of two methods. Under the Dedicated Method, all deposits exceeding the federal depository insurance coverage level are collateralized with securities held by the County's, the ABC Board's, or the Wayne County Tourism Development Authority's agents in these units' names. Under the Pooling Method, which is a collateral pool, all uninsured deposits are collateralized with securities held by the State Treasurer's agent in the name of the State Treasurer. Since the State Treasurer is acting in a fiduciary capacity for the County the ABC Board, and the Wayne County Tourism Development Authority, these deposits are considered to be held by their agents in the entities' names. The amount of the pledged collateral is based on an approved averaging method for non-interest bearing deposits and the actual current balance for interest-bearing deposits. Depositories using the Pooling Method report to the State Treasurer the adequacy of their pooled collateral covering uninsured deposits. The State Treasurer does not confirm this information with the County, the ABC Board, the Wayne County Tourism Development Authority, or with the escrow agent. Because of the inability to measure the exact amount of collateral pledged for the County, the ABC Board, and the Wayne County Tourism Development Authority under the Pooling Method, the potential exists for under-collateralization, and this risk may increase in periods of high cash flows. However, the State Treasurer of North Carolina enforces strict standards of financial stability for each depository that collateralizes public deposits under the Pooling Method.

The State Treasurer enforces standards of minimum capitalization for all pooling method financial institutions. The County relies on the State Treasurer to monitor those financial institutions. The County analyzes the financial soundness of any other financial institution used by the County. The County complies with the provisions of G.S. 159-31 when designating official depositories and verifying that deposits are properly secured. The ABC Board and the Wayne County Tourism Development Authority has no formal policy regarding custodial credit risk for deposits.

At June 30, 2020, the County's deposits had a carrying amount of \$65,664,901 and a bank balance of \$69,411,010. Of the bank balance, \$750,000 was covered by federal depository insurance, and \$122,122 in non-interest-bearing deposits and \$35,072,907

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

in interest bearing deposits were covered by collateral held under the Pooling Method.

At June 30, 2020, Wayne County had \$18,819 cash on hand.

At June 30, 2020, the carrying amount of deposits for the Wayne County ABC Board was \$2,690,581 and the bank balance was \$2,641,494. All of the bank balance was covered by federal depository insurance except for \$2,041,226, which was collateralized by institutions using the Pooling Method. At June 30, 2020, The ABC Board had \$6,600 cash on hand.

At June 30, 2020, the carrying amount of deposits for the Wayne County Tourism Development Authority was \$75,401 and the bank balance was \$92,637. All of the Tourism Authority's deposits were fully covered by federal depository insurance.

2. Investments

As of June 30, 2020 the County had the following investments and maturities.

Investment Type	Valuation Measurement Method	Fair Value	Less Than 6 Months	6-12 Months
Commercial Paper	Fair Value - Level 2	\$ 5,974,601	N/A	\$ 5,974,601
NC Capital Management Trust Government Portfolio	Fair Value - Level 1	11,824,099	11,824,099	N/A
NC Capital Management Trust Term Portfolio*	Fair Value - Level 1	15,648,462	15,648,462	N/A
Total		\$ 33,447,162	\$ 27,472,561	\$ 5,974,601

As of June 30, 2020, the NCCMT Term Portfolio has a duration of .15 years. Because the NCCMT Government and Term Portfolios have a weighted average maturity of less than 90 days, they are presented as an investment with a maturity of less than 6 months. The NCCMT Government Portfolio has an AAAm rating from S&P. The NCCMT Term Portfolio has no rating.

All investments are measured using the market approach: using prices and other relevant information generated by market transactions involving identical or comparable assets or a group of assets.

Level of fair value hierarchy: Level 1: Debt securities valued using directly observable, quoted prices (unadjusted) in active markets for identical assets. Level Two debt securities are valued using a matrix pricing technique. Matrix pricing is

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

used to value securities based on the securities' relationship to benchmark quoted prices.

Interest Rate Risk. The County's investment policy requires purchases of securities to be tiered with staggered maturity dates and limits all securities to a final maturity of no more than three years. The State Treasurer's Short Term Investment Fund (STIF) is unrated and had a weighted average maturity of 1.3 years at June 30, 2020.

Credit Risk. County policy limits investments to the provisions of G.S.-159-30 and restricts the purchase of securities to the highest possible ratings whenever particular types of securities are rated. State law limits investments in commercial paper to the top rating issued by nationally recognized statistical rating organizations (NRSROs). As of June 30, 2020, the County's investments in commercial paper were rated P1 by Standards & Poor's, F1 by Fitch Ratings, and A1 by Moody's Investors Service. The County's investments in the NC Capital Management Trust Government Portfolio carried a credit rating of AAAm by Standard & Poor's as of June 30, 2020. The County's investment in the NC Capital Management Trust Term Portfolio is unrated. The Term Portfolio is authorized to invest in obligations of the U.S. Government and agencies, and in high grade money market instruments as permitted under North Carolina General Statutes 159-30 as amended.

Custodial Credit Risk. Custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The County's formal policy dictates that all investments will be purchased "payment-verses-delivery" and if certificated will be held by the Finance Officer in the name of the County. All non-certificated investments will be held in book entry form in the name of the County with the County's third party Custodian (Safekeeping Agent).

Concentration of Credit Risk. The County places a limit of 10% on the amount that the County may invest in any one issuer of commercial paper or banker's acceptances.

Investments, long-term restricted cash. The County's debt covenant, see Note B, 6, b, requires them to deposit a required amount annually into a sinking fund bank account. Restricted cash balance, not available for use in the short-term, is \$8,575,674.

The ABC Board and Wayne County Tourism Development Authority have no policy on credit risk.

3. Inventories

Wayne County's inventories are valued at cost, using the last in-first out method. Inventory in the Solid Waste Disposal and Airport proprietary funds consists of fuel for on-site equipment and are recorded when consumed. Inventory in the Fleet

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Management is allocated to the government wide and proprietary statements and consists of vehicle parts and are recorded when consumed.

The Wayne County ABC Board inventory are valued at the lower of cost (FIFO) or market.

4. Property Tax - Use-Value Assessment on Certain Lands

In accordance with the general statutes, agriculture, horticulture, and forestland may be taxed by the County at the present-use value as opposed to market value. When the property loses its eligibility for use-value taxation, the property tax is recomputed at market value for the current year and the three preceding fiscal years, along with the accrued interest from the original due date. This tax is immediately due and payable. The following are property taxes that could become due if present use-value eligibility is lost. These amounts have not been recorded in the financial statements.

Year Levied	Tax	Interest	Total
2016-17	\$ 3,143,989	\$ 1,029,656	\$ 4,173,645
2017-18	3,137,192	745,083	3,882,275

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

2. Pension Plan and Other Postemployment Obligations

a. Local Governmental Employees' Retirement System

Plan Description. The County is a participating employer in the statewide Local Governmental Employees' Retirement System (LGERS), a cost-sharing multiple-employer defined benefit pension plan administered by the State of North Carolina. LGERS membership is comprised of general employees and local law enforcement officers (LEOs) of participating local governmental entities. Article 3 of G.S. Chapter 128 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the state Senate, one appointed by the state House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Local Governmental Employees' Retirement System is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for LGERS. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410, by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. LGERS provides retirement and survivor benefits. Retirement benefits are determined as 1.85% of the member's average final compensation times the member's years of creditable service. A member's average final compensation is calculated as the average of a member's four highest consecutive years of compensation. Plan members are eligible to retire with full retirement benefits at age 65 with five years of creditable service, at age 60 with 25 years of creditable service, or at any age with 30 years of creditable service. Plan members are eligible to retire with partial retirement benefits at age 50 with 20 years of creditable service or at age 60 with five years of creditable service (age 55 for firefighters). Survivor benefits are available to eligible beneficiaries of members who die while in active service or within 180 days of their last day of service and who have either completed 20 years of creditable service regardless of age (15 years of creditable service for firefighters and rescue squad members who are killed in the line of duty) or have completed five years of service and have reached age 60. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions. The plan does not provide for automatic post-retirement benefit increases. Increases are contingent upon actuarial gains of the plan.

LGERS plan members who are LEOs are eligible to retire with full retirement benefits at age 55 with five years of creditable service as an officer, or at any age with 30 years of creditable service. LEO plan members are eligible to retire with partial retirement benefits at age 50 with 15 years of creditable service as an officer. Survivor benefits are available to eligible beneficiaries of LEO members who die while in active service or within 180 days of their last day of service and who also have either completed 20 years of creditable service regardless of age, or have completed 15 years of service as a LEO and have reached age 50, or have completed five years of creditable service as a LEO and have reached age 55, or have completed 15 years of creditable service as a LEO if killed in the

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

line of duty. Eligible beneficiaries may elect to receive a monthly Survivor's Alternate Benefit for life or a return of the member's contributions.

Contributions. Contribution provisions are established by General Statute 128-30 and may be amended only by the North Carolina General Assembly. County employees are required to contribute 6% of their compensation. Employer contributions are actuarially determined and set annually by the LGERS Board of Trustees. The County's contractually required contribution rate for the year ended June 30, 2020, was 9.700% of compensation for law enforcement officers and 9.02% for general employees and firefighters, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year. This includes the required death benefit percentage of 0.070% for general employees. Contributions to the pension plan from the County were \$3,327,364 for the year ended June 30, 2020.

Refunds of Contributions – County employees who have terminated service as a contributing member of LGERS, may file an application for a refund of their contributions. By state law, refunds to members with at least five years of service include 4% interest. State law requires a 60 day waiting period after service termination before the refund may be paid. The acceptance of a refund payment cancels the individual's right to employer contributions or any other benefit provided by LGERS.

The ABC Boards' current rate for Employees not engaged in law enforcement officers is 9.12% of annual covered payroll. The ABC Board's contributions to LGERS for the year ended June 30, 2020, was \$75,277. The Wayne County Tourism Development Authority does not have any employees and does not participate in LGERS.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the County reported a liability of \$16,118,448 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018. The total pension liability was then rolled forward to the measurement date of June 30, 2019 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension liability was based on a projection of the County's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2020, the County's proportion was 0.590%, which was a decrease of 0.00594% from its proportion measured as of June 30, 2019 (measure as of June 30, 2018).

For the year ended June 30, 2020, the County recognized pension expense of \$4,026,585. At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,759,886	\$ -
Changes of assumptions	2,627,040	-
Net difference between projected and actual earnings on pension plan	393,152	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	129,154	222,243
Employer contributions subsequent to the measurement date*	<u>3,327,364</u>	-
Total	<u>\$ 9,236,596</u>	<u>\$ 222,243</u>

\$3,327,364 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2021	\$ 2,873,336
2022	904,051
2023	1,513,458

2025	-
Thereafter	-
	<u>\$ 5,686,989</u>

At June 30, 2020, the ABC Board reported a liability of \$248,747 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2019. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of December 31, 2018. The total pension liability was then rolled forward to the measurement date of June 30, 2019 utilizing update procedures incorporating the actuarial assumptions. The ABC Board's proportion of the net pension liability was based on a projection of the ABC Board's long-term share of future payroll covered by the pension plan, relative to the projected future payroll covered by the pension plan of all participating LGERS employers, actuarially determined. At June 30, 2020, the ABC Board's proportion was 0.00911%, which was an decrease of (0.00109%) from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the ABC Board recognized pension expense of \$116,259. At June 30, 2020, the ABC Board reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 42,599	\$ -
Changes of assumptions	40,548	-
Net difference between projected and actual earnings on pension plan	6,069	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	13,275	-
Employer contributions subsequent to the measurement date*	75,277	-
Total	<u>\$ 177,768</u>	<u>\$ -</u>

\$75,277 reported as deferred outflows of resources related to pensions resulting from the ABC Board contributions subsequent to the measurement date will be recognized as a decrease of the net pension liability in the year ended June 30, 2021. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:		
2021	\$ 50,410	
2022	18,244	
2023	26,737	
2024	7,098	
2025	-	
Thereafter	-	
	<u>\$ 102,489</u>	

Actuarial Assumptions. The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.5 percent
Investment rate of return	7.0 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality rates based on the *RP-2014 Total Data Set for Healthy Annuitants Mortality Table* that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. Global public equity return projections are established through analysis of the equity risk premium and the fixed income return projections. Other asset categories and strategies' return projections reflect the foregoing and historical data analysis. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class as of June 30, 2020 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Fixed Income	29.0%	1.4%
Global Equity	42.0%	5.3%
Real Estate	8.0%	4.3%
Alternatives	8.0%	8.9%
Credit	7.0%	6.0%
Inflation Protection	6.0%	4.0%
Total	<u>100.0%</u>	

The information above is based on 30 year expectations developed with the consulting actuary for the 2018 asset liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. All rates of return and inflation are annualized.

Discount rate. The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at statutorily required rates, actuarially determined. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Sensitivity of the County's proportionate share of the net pension liability to changes in the discount rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.00 percent, as well as what the County's proportionate share of the net pension asset or net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.00 percent) or 1-percentage-point higher (8.00 percent) than the current rate:

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)
County's proportionate share of the net pension liability (asset)	\$ 36,865,838	\$ 16,118,448	\$ (1,126,836)
ABC Board's proportionate share of the net pension liability	569,021	248,787	(17,393)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

b. Law Enforcement Officers' Special Separation Allowance

1. Plan Description.

Wayne County administers a public employee retirement system (the Separation Allowance), a single-employer defined benefit pension plan that provides retirement benefits to the County's qualified sworn law enforcement officers under the age of 62 who have completed at least 30 years of creditable service or have attained 55 years of age and have completed five or more years of creditable service. The Separation Allowance is equal to .85 percent of the annual equivalent of the base rate of compensation most recently applicable to the officer for each year of creditable service. The retirement benefits are not subject to any increases in salary or retirement allowances that may be authorized by the General Assembly. Article 12D of G.S. Chapter 143 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly.

All full-time County law enforcement officers are covered by the Separation Allowance. At December 31, 2018, the Separation Allowance's membership consisted of:

Inactive members currently receiving benefits	13
Active plan members	128
Total	141

2. Summary of Significant Accounting Policies

Basis of Accounting. The County has chosen to fund the Separation Allowance on a pay as you go basis. Pension expenditures are made from the General Fund, which is maintained

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

on the modified accrual basis of accounting. Benefits are recognized when due and payable in accordance with the terms of the plan.

The Separation Allowance has no assets accumulated in a trust that meets the following criteria which are outlined in GASB Statements 73.

3. Actuarial Assumptions

The entry age actuarial cost method was used in the December 31, 2018 valuation. The total pension liability was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.5 percent
Salary increases	3.50 to 7.35 percent, including inflation and productivity factor
Discount rate	3.26 percent

The discount rate is based on the yield of the S&P Municipal Bond 20 Year High Grade Rate Index as of December 31, 2019.

Mortality Rate

Deaths after Retirement (Healthy): RP-2014 Healthy Annuitant base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 104% for males and 100% for females.

Deaths after Retirement (Disabled): RP-2014 Disabled Retiree base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 103% for males and 99% for females.

Deaths before Retirement: RP-2014 Employee base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015.

Deaths after Retirement (Beneficiary): RP-2014 Healthy Annuitant base rates projected to 2015 using MP-2015, projected forward generationally from 2015 using MP-2015. Rates are adjusted by 123% for males and females.

Mortality Projection: All mortality rates are projected from 2014 using generational improvement with Scale MP-2015.

4. Contributions

The County is required by Article 12D of G.S. Chapter 143 to provide these retirement benefits and has chosen to fund the amounts necessary to cover the benefits earned on a pay as you go basis through appropriations made in the General Fund operating budget. There were no contributions made by employees. The County's obligation to contribute to this plan is established and may be amended by the North Carolina General Assembly. Administration costs of the Separation Allowance are financed through investment

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

earnings. The County paid \$121,594 as benefits came due for the measurement period, and paid \$63,197 in benefits and actuarial costs for the period subsequent to December 31, 2019 through the fiscal year end.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the County reported a total pension liability of \$3,119,471. The total pension liability was measured as of December 31, 2019 based on a December 31, 2019 actuarial valuation. The total pension liability was rolled forward to December 31, 2019 utilizing update procedures incorporating the actuarial assumptions. For the year ended June 30, 2020, the County recognized pension expense of \$361,793.

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 392,841	\$ -
Changes of assumptions	165,772	88,175
Employer contributions subsequent to the measurement date*	62,360	-
Total	<u>\$ 620,973</u>	<u>\$ 88,175</u>

\$61,306 reported as deferred outflows of resources related to pensions resulting from benefit payments made and \$1,054 in administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2021. Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:
2021
2022
2023
2024
2025
Thereafter
<u>\$ 470,438</u>

Sensitivity of the County's total pension liability to changes in the discount rate. The following presents the County's total pension liability calculated using the discount rate of 3.26 percent, as well as what the County's total pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.26 percent) or 1-percentage-point higher (4.26 percent) than the current rate:

	1% Decrease (2.26%)	Discount Rate (3.26%)	1% Increase (4.26%)
Total pension liability	\$ 3,399,910	\$ 3,119,471	\$ 2,865,093

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Schedule of Changes in Total Pension Liability		
Service cost	\$	150,160
Interest on TOL and cash flows		91,746
Changes in benefit terms		-
Difference between expected and actual experience		318,232
Changes in assumptions or other inputs		99,637
Benefit payments		(121,594)
Net changes in total LEOSSA liability		538,181
Total LEOSSA liability (TOL) - beginning		2,581,290
Total LEOSSA liability (TOL) - ending	\$	3,119,471

Changes of assumptions. Changes of assumptions and other inputs reflect a change in the discount rate from 3.64 percent at December 31, 2018 (valuation date) to 3.26 percent at December 31, 2019 (measurement date).

Changes in Benefit Terms. Reported compensation adjusted to reflect the assumed rate of pay as of the valuation date.

The plan currently uses mortality tables that vary by age, and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study completed by the Actuary for the Local Government Employees' Retirement System for the five year period ending December 31, 2014.

c. Supplemental Retirement Income Plan for Law Enforcement Officers

Plan Description. The County contributes to the Supplemental Retirement Income Plan (Plan), a defined contribution pension plan administered by the Department of State Treasurer and a Board of Trustees. The Plan provides retirement benefits to law enforcement officers employed by the County. Article 5 of G.S. Chapter 135 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. The Supplemental Retirement Income Plan for Law Enforcement Officers is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes the pension trust fund financial statements for the Internal Revenue Code Section 401(k) plan that includes the Supplemental Retirement Income Plan for Law Enforcement Officers. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410 or by call (919) 981-5454.

Funding Policy. Article 12E of G.S. Chapter 143 requires the County to contribute each month an amount equal to five percent of each officer's salary, and all amounts contributed are vested immediately. Also, the law enforcement officers may make

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

voluntary contributions to the plan. Contributions for the year ended June 30, 2020 were \$934,723, which consisted of \$577,504 from the County and \$357,219 from the law enforcement officers.

d. 401(k) Profit Sharing Plan

Wayne County has established a 401(k) Plan to which all full time employees can voluntarily contribute. For the year ended June 30, 2020, the County matched 100% of each eligible employee's earnings up to a maximum of 2%. The County's contribution for the year ending June 30, 2020 was \$733,949.

e. Registers of Deeds' Supplemental Pension Fund

Plan Description. Wayne County also contributes to the Registers of Deeds' Supplemental Pension Fund (RODSPF), a noncontributory, cost-sharing multiple-employer defined benefit plan administered by the North Carolina Department of State Treasurer. The Fund provides supplemental pension benefits to any eligible county register of deeds who is retired under the Local Government Employees' Retirement System (LGERS) or an equivalent locally sponsored plan. Article 3 of G.S. Chapter 161 assigns the authority to establish and amend benefit provisions to the North Carolina General Assembly. Management of the plan is vested in the LGERS Board of Trustees, which consists of 13 members – nine appointed by the Governor, one appointed by the State Senate, one appointed by the State House of Representatives, and the State Treasurer and State Superintendent, who serve as ex-officio members. The Registers of Deeds' Supplemental Pension Fund is included in the Comprehensive Annual Financial Report (CAFR) for the State of North Carolina. The State's CAFR includes financial statements and required supplementary information for the Registers of Deeds' Supplemental Pension Fund. That report may be obtained by writing to the Office of the State Controller, 1410 Mail Service Center, Raleigh, North Carolina 27699-1410 or by calling (919) 981-5454, or at www.osc.nc.gov.

Benefits Provided. An individual's benefits for the year are calculated as a share of accumulated contributions available for benefits for that year, subject to certain statutory limits. An individual's eligibility is based on at least 10 years of service as a register of deeds with the individual's share increasing with years of service. Because of the statutory limits noted above, not all contributions available for benefits are distributed.

Contributions. Benefits and administrative expenses are funded by investment income and 1.5% of the receipts collected by each County Commission under Article 1 of Chapter 161 of the North Carolina General Statutes. The statutory contribution currently has no relationship to the actuary's required contribution. The actuarially determined contribution this year and for the foreseeable future is zero. Registers of Deeds do not contribute. Contribution provisions are established by General Statute 161-50 and may be amended only by the North Carolina General Assembly. Contributions to the pension plan from the County were \$8,639 for the year ended June 30, 2020.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the County reported an asset of \$163,353 for its proportionate share of the net pension asset. The net pension asset was measured as of June 30, 2019. The total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of December 31, 2018. The total pension liability was then rolled forward to the measurement date of June 30, 2019 utilizing update procedures incorporating the actuarial assumptions. The County's proportion of the net pension asset was based on the County's share of contributions to the pension plan, relative to contributions to the pension plan of all participating RODSPF employers. At June 30, 2019, the County's proportion was 0.827%, which was a decrease of (0.126%) from its proportion measured as of June 30, 2018.

For the year ended June 30, 2020, the County recognized pension expense of \$18,432. At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 7,877
Changes of assumptions	-	-
Net difference between projected and actual earnings on pension plan	1,671	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	19,992	-
Employer contributions subsequent to the measurement date*	5,883	-
Total	\$ 27,546	\$ 7,877

\$5,883 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as an increase of the net pension asset in the year ended June 30, 2021.

Other amounts reported as deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Year ended June 30:

2021	\$ 4,593
2022	7,723
2023	4,697
2024	(3,227)
2025	-
Thereafter	-
	<u>\$ 13,786</u>

Actuarial Assumptions. The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.0 percent
Salary increases	3.50 to 7.75 percent, including inflation and productivity factor
Investment rate of return	3.75 percent, net of pension plan investment expense, including inflation

The plan currently uses mortality tables that vary by age, gender, employee group (i.e. general, law enforcement officer) and health status (i.e. disabled and healthy). The current mortality rates are based on published tables and based on studies that cover significant portions of the U.S. population. The healthy mortality rates also contain a provision to reflect future mortality improvements.

The actuarial assumptions used in the December 31, 2018 valuation were based on the results of an actuarial experience study as of December 31, 2014.

Future ad hoc COLA amounts are not considered to be substantively automatic and are therefore not included in the measurement.

The projected long-term investment returns and inflation assumptions are developed through review of current and historical capital markets data, sell-side investment research, consultant whitepapers, and historical performance of investment strategies. Fixed income return projections reflect current yields across the U.S. Treasury yield curve and market expectations of forward yields projected and interpolated for multiple tenors and over multiple year horizons. These projections are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The adopted asset allocation policy for the RODSPF is 100% in the fixed income asset class. The best estimate of arithmetic real rate of return for the fixed income asset class as of June 30, 2020 is 1.4%.

The information above is based on 30 year expectations developed with the consulting actuary for the 2020 asset liability and investment policy study for the North Carolina Retirement Systems, including LGERS. The long-term nominal rates of return underlying the real rates of return are arithmetic annualized figures. The real rates of return are calculated from nominal rates by multiplicatively subtracting a long-term inflation assumption of 3.05%. All rates of return and inflation are annualized.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Discount rate. The discount rate used to measure the total pension liability was 3.75%. The projection of cash flows used to determine the discount rate assumed that contributions from employers will be made at statutorily required rates. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of the current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's proportionate share of the net pension asset to changes in the discount rate. The following presents the County's proportionate share of the net pension asset calculated using the discount rate of 3.75 percent, as well as what the County's proportionate share of the net pension asset would be if it were calculated using a discount rate that is 1-percentage-point lower (2.75 percent) or 1-percentage-point higher (4.75 percent) than the current rate:

	1% Decrease (2.75%)	Discount Rate (3.75%)	1% Increase (4.75%)
County's proportionate share of the net pension liability	\$ (11,005)	\$ 163,353	\$ (7,422)

Pension plan fiduciary net position. Detailed information about the pension plan's fiduciary net position is available in the separately issued Comprehensive Annual Financial Report (CAFR) for the State of North Carolina.

e. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The net pension liability for LGERS and ROD was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The total pension liability for LEOSSA was measured as of June 30, 2019, with an actuarial valuation date of December 31, 2018. The County's proportion of the net pension liability was based on the County's share of contributions to the pension plan relative to the contribution of all participating entries. Following is information related to the proportionate share and pension expense:

Proportionate Share of Net Pension Liability (Asset)	LGERS	ROD	LEOSSA	Total
	\$ 16,118,448	\$ (163,353)	\$ -	\$ 15,955,095
Proportion of the Net Pension Liability (Asset)	0.590%	0.827%	N/A	1.417%
Total Pension Liability	\$ -	\$ -	\$ 3,119,471	\$ 3,119,471
Pension Expense	\$ 4,026,585	\$ 18,432	\$ 361,793	\$ 4,406,810

At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

	LGERS	ROD	LEOSSA	Total
<u>Deferred Outflows of Resources</u>				
Differences between expected and actual experience	\$ 2,759,886	\$ -	\$ 392,841	\$ 3,152,727
Changes of assumptions	2,627,040	-	165,772	2,792,812
Net difference between projected and actual earnings on pension plan	393,152	1,671	-	394,823
Changes in proportion and differences between employer contributions and proportionate share of contributions	129,154	19,992	-	149,146
County contributions (LGERS, ROD)/benefit payments and administrativion costs (LEOSSA) subsequent to the measurement date	3,327,364	5,883	62,360	3,395,607
<u>Deferred Inflows of Resources</u>				
Differences between expected and actual experience	\$ -	\$ 7,877	\$ -	\$ 7,877
Changes of assumptions	-	-	88,175	88,175
Changes in proportion and differences between employer contributions and proportionate share of contributions	222,243	-	-	222,243

f. Deferred Compensation Plan

Wayne County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, which is available to all County employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

g. Other Employment Benefits

The County has elected to provide death benefits to employees through the Death Benefit Plan for members of the Local Governmental Employees' Retirement System (Death Benefit Plan), a multiple-employer, State-administered, cost-sharing plan funded on a one-year term cost basis. The beneficiaries of those employees who die in active service after one year of contributing membership in the System, or who die within 180 days after retirement or termination of service and have at least one year of contributing membership service in the System at the time of death are eligible for death benefits. Lump sum death benefit payments to beneficiaries are equal to the employee's 12 highest months' salary in a row during the 24 months prior to the employee's death, but the benefit will be a minimum of \$25,000 and will not exceed \$50,000. Because all death benefit payments are made from the Death Benefit Plan and not by the County, the county does not determine the number of eligible participants. The County has no liability beyond the payment of monthly contributions. The contributions to the Death Benefit Plan cannot be separated between the postemployment benefit amount and the other benefit amount. Contributions are determined as a percentage of monthly payroll based upon rates established annually by the State. Separate rates are set for employees not

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

engaged in law enforcement and for law enforcement officers. The County considers these contributions to be immaterial.

h. Other Postemployment Benefit

Plan Description. Under the terms of a County resolution, the County administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). As of February, 2003, this plan provides postemployment healthcare benefits to retirees of the County, provided they participate in the North Carolina Local Governmental Employees' Retirement System (System) and have at least fifteen years of creditable service with the County. Employees with at least fifteen years of service with the County when they retire may remain on the County's group insurance plan and must pay the entire premium. When an employee, hired prior to July 1, 2009, with 25 years of continuous service with Wayne County at any age, the County of Wayne will pay the employee's premium in the group plan until age 65 at which time the retiree shall be switched to a Medicare supplement policy. The county is self-insured and contracts with a private insurer to provide all administrative services. The HCB plan has been amended to exclude employees starting after July 1, 2009. The County will pay up to an individual rate amount per month toward the Medicare supplement. Retiree must pay the balance due. Also, the County's retirees can purchase coverage for their dependents at the County's group rates. The County Commissioners may amend the benefit provisions. A separate report was not issued for the plan.

County Contributions based on years of creditable service		
Years of Creditable Service	Date Hired	
	Pre-July 1, 2009	On or after July 1, 2009
Less than 15 years	Not Eligible	Not Eligible
15-24 years	0%	Not Eligible
25+ years	100%	Not Eligible

Membership of the HCB Plan consisted of the following at June 30, 2019, the date of the latest actuarial valuation:

	<u>Employees:</u>
Retirees and dependents receiving benefits	119
Terminated plan members entitled to but not yet receiving benefits	0
Active plan members	280
Total	399

Total OPEB Liability

The County's total OPEB liability of \$38,911,883 was measured as of June 30, 2019 and was determined by an actuarial valuation as of June 30, 2018.

Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2019 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Inflation	2.50 percent
Salary increases	3.50 - 7.75 percent, including inflation
Discount rate	3.50 percent
Healthcare cost trend rates	Medical/Prescription - 5.38 percent

The discount rate is based on the last Thursday of June publishing of the Bond Buyer General Obligation 20-year Municipal Bond Index published weekly by The Bond Buyer.

Changes in the Total Liability

Balance at July 1, 2019	\$ 35,231,937
Changes for the Year	
Service cost	779,946
Interest	1,351,482
Changes in benefit terms	-
Difference between expected and actual experience	61,302
Changes in assumptions or other inputs	2,475,570
Benefit payments	(988,353)
Net changes	3,679,947
Balance at June 30, 2020	<u>\$ 38,911,884</u>

Changes in assumptions and other inputs reflect a change in the discount rate from 3.89% in 2018 to 3.50% in 2019.

Mortality rates were based on the RP-2014 mortality tables, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2015.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 to December 31, 2014 adopted by the LGERS Board. The remaining assumptions (e.g. initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2018 valuation were based on a review of recent plan experience done concurrently with the June 30, 2018 valuation.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.50 percent) or 1-percentage point higher (4.50 percent) than the current discount rate:

	1% Decrease (2.50%)	Discount Rate (3.50%)	1% Increase (4.50%)
Total OPEB Liability	\$ 46,485,605	\$ 38,911,883	\$ 33,003,132

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the County, as well as what the County's total liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rate:

	1% Decrease	Current	1% Increase
Total OPEB Liability	\$ 32,257,100	\$ 38,911,883	\$ 47,603,698

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the County recognized OPEB expense of \$738,941. At June 30, 2020, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 50,075	\$ 857,763
Changes of assumptions	2,022,169	3,357,123
Employer contributions subsequent to the measurement date	1,379,999	-
Total	\$ 3,452,243	\$ 4,214,886

\$1,379,999 reported as deferred outflows of resources related to OPEB employer contributions resulting from benefit payments made, \$1,314,591, and administrative expenses, \$65,618, incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2021. Other amounts reported as deferred inflows of resources less deferred outflow of resources, related to OPEB will be recognized as an expense as follows:

Year ended June 30:	
2021	\$ (790,343)
2022	(790,343)
2023	(79,343)
2024	14,655
2025	213,732
Thereafter	-
	\$ (1,431,642)

ABC Board - Plan Description. Under the terms of a Board resolution, the Board administers a single-employer defined benefit Healthcare Benefits Plan (the HCB Plan). The Board has the authority to establish and amend the benefit terms and financing

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

requirements. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement 75.

ABC Board – Eligibility for Allowance. As of March, 1998, the ABC Board offers continuation of group medical coverage to all employees who retire at the age of 62 and older with at least 25 years of service or at any age after 30 years of continuous service and are qualified to receive benefits from NCLGERS.

ABC Board - Amount of Allowance. The Board pays the full cost of group health insurance premiums for eligible retirees until they are Medicare-eligible. At age 65, the retiree shall be switched to a Medicare supplement policy. The Board will pay up to an individual rate amount per month toward the Medicare supplement.

ABC Board - Membership of the HCB Plan consisted of the following at June 30, 2019, the date of the latest actuarial valuation:

	<u>Employees:</u>
Retirees and dependents receiving benefits	7
Terminated plan members entitled to but not yet receiving benefits	0
Active plan members	19
Total	26

ABC Board - Total OPEB Liability

The County's total OPEB liability of \$509,625 was measured as of June 30, 2019 and was determined by an actuarial valuation as of that date.

ABC Board - Actuarial assumptions and other inputs. The total OPEB liability in the June 30, 2018 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Inflation	2.50 percent
Salary increases	3.50 percent to 7.75 percent
Discount rate	3.50 percent
Healthcare cost trend rates	Pre-Medicare, 7.25 percent Medicare, 5.38 percent

The discount rate is based on the June average of the Bond Buyer General Obligation 20-year Municipal Bond Index published weekly by The Bond Buyer.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

ABC Board - Changes in the Total Liability

Balance at July 1, 2019	\$ 479,051
Changes for the Year	
Service cost	13,896
Interest	18,147
Changes in benefit terms	-
Difference between expected and actual experience	(1,723)
Changes in assumptions or other inputs	25,613
Benefit payments	<u>(25,359)</u>
Net changes	30,574
Balance at June 30, 2020	<u><u>\$ 509,625</u></u>

Changes in assumptions and other inputs reflect a change in the discount rate from 3.89% to 3.50%.

Mortality rates were based on the RP-2014 Total Data Set for Healthy Annuitants Mortality Table, with adjustments for LGERS experience and generational mortality improvements using Scale MP-2015.

The demographic actuarial assumptions for retirement, disability incidence, withdrawal, and salary increases used in the June 30, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2010 to December 31, 2014 adopted by the LGERS.

ABC Board - Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the total OPEB liability of the ABC Board's, as well as what the ABC Board's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (2.50 percent) or 1-percentage point higher (4.50 percent) than the current discount rate:

	1% Decrease (2.50%)	Discount Rate (3.50%)	1% Increase (4.50%)
Total OPEB Liability	\$ 586,321	\$ 509,625	\$ 447,979

ABC Board - Sensitivity of the total OPEB liability to changes in the healthcare cost trend rates. The following presents the total OPEB liability of the ABC Board, as well as what the ABC Board's total liability would be if it were calculated using healthcare cost trend rates that are 1 percentage point lower or 1 percentage point higher than the current healthcare cost trend rate:

	1% Decrease	Current	1% Increase
Total OPEB Liability	\$ 439,542	\$ 509,625	\$ 599,758

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

ABC Board - OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2020, the ABC Board recognized OPEB expense of \$13,949. At June 30, 2020, the ABC Board reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 345	\$ 58,092
Changes of assumptions	21,528	35,570
Employer contributions subsequent to the measurement date	20,343	-
Total	\$ 42,216	\$ 93,662

\$20,343 reported as deferred outflows of resources related to OPEB employer contributions resulting from benefit payments made and administrative expenses incurred subsequent to the measurement date will be recognized as a decrease of the total pension liability in the year ended June 30, 2021. Other amounts reported as deferred inflows of resources related to OPEB will be recognized as an expense as follows:

Year ended June 30:		
2021	\$ (20,673)	
2022	(20,673)	
2023	(18,545)	
2024	(12,443)	
2025	(576)	
Thereafter	1,030	
	\$ (71,880)	

3. Closure and Postclosure Care Costs

State and federal laws and regulations require the County to place a final cover on its Wayne County Sanitary Landfill when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. The County was required to stop accepting waste at its pre-subtitle D section of the Southern Landfill on December 31, 1997. In November, 2008, the County was allowed to renew the permit for this section for a period of five years. This permit allowed the landfill to use this section for construction and demolition waste. In January 1998, the County began filling Phase I of its new lined landfill, permitted for twenty-three acres. Phase I was filled during 2004. The County opened Phase II of the new lined landfill, permitted for 20 acres during 2004. Phase II was filled in August, 2013. The County is currently in Phase III, a twenty-two acre cell that should take eight years to fill. Although closure and

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the County reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$7,252,548 reported as landfill closure and postclosure care liability at June 30, 2020, represents a cumulative amount reported to-date based on a financial assurance calculation using the remaining life of the pre-subtitle D landfill section, totaling \$2,412,984 and \$4,839,564 based on a financial assurance calculation using the remaining life of the Phases I, II and III of the new lined landfill. The County will recognize the remaining estimated cost of closure and postclosure care of \$8,995,574 amortized over the remaining years of the life of the landfills. These amounts are based on what it would cost to perform all closure and postclosure care in 2020. Overall, all planned phases of this landfill are expected to close in the year 2053. Actual costs may be higher due to inflation, changes in technology, or changes in regulations.

The County has met the requirements of a local government financial test that is one option under State and federal laws and regulations that help determine if a unit is financially able to meet closure and postclosure care requirements.

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

5. Risk Management

The County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. In order to address these risks, the County maintains a commercial property and casualty insurance program. The main program provides replacement cost coverage or functional replacement cost coverage on owned property with total insured values of \$143,000,000 subject to a \$5,000 deductible for all major perils (except for flood and earthquake). Public entity fidelity coverage is included with a limit of \$250,000 each occurrence and a deductible of \$1,000. The automobile insurance covers newer County vehicles and all high-value vehicles for physical damage with a deductible of \$1,000. The program provides liability insurance limits of \$7 million each occurrence and annual aggregate for automobile, general liability, law enforcement liability, employment practices, and public officials' liability. Claims under the law enforcement and public officials' liability coverage are subject to a deductible of \$25,000 each occurrence or event. Claims under the general liability and automobile liability coverage are covered on a first dollar basis (no deductible).

The County's property insurance program includes a \$10 million limit for damage due to flood for all locations outside of federally designated flood zone "A" subject to a \$25,000 deductible. Locations inside special hazard flood zones are also insured for damages due to flood with a limit of \$1 million subject to a deductible of \$500,000. Management of Wayne County has reviewed all areas that are prone to flood damage and determined that due to very limited financial exposure, no additional flood insurance would be purchased. There have been no significant reductions in insurance coverage from the previous year except for the crime coverage. This accurately reflects the County's current exposure. Settled claims have not exceeded coverage in any of the past three fiscal years. All insurance companies utilized satisfy the County's minimum financial rating criteria.

In accordance with G.S. 159-29, the County's employees that have access to \$100 or more in cash or securities at any given time of the County's funds are performance bonded through a commercial surety bond. The Director of Finance, the Tax Collector, the Sheriff and the Register of Deeds are individually bonded in the following amounts: \$250,000, \$150,000, \$25,000 and \$10,000, respectively.

The County also operates a hospital self-insurance fund administered by Blue Cross and Blue Shield up to \$100,000 per employee. Amounts over \$100,000 per employee per claim year is picked up by excess insurance provided through Blue Cross and Blue Shield of North Carolina. Through the Plan, permanent full-time employees of the County are eligible to receive health care benefits with no lifetime maximum except in very specific treatments. The Board pays the full cost of coverage for employees enrolled in this plan who also fully participate in the County's Wellness Program.

The following represents the changes in approximate aggregate liabilities for the County's Hospital Self Insurance fund for the year. The \$697,041 is due in the current year.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

	2020	2019
Liability balance, July 1,	\$ 679,364	\$ 576,577
Incurred claims & claim adjustment expenses	8,807,034	8,458,873
Claims & claims adjustment expenses	(8,789,357)	(8,356,086)
Liability Balance, June 30	<u>\$ 697,041</u>	<u>\$ 679,364</u>

The ABC Board is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters. The ABC Board has property, general liability, auto liability, workmen's compensation and employee health coverage. The Board also has liquor legal liability. There have been no significant reductions in insurance coverage from the previous year and settled claims have not exceeded coverage in any of the past three fiscal years.

6. Contingent Liabilities

At June 30, 2020, the County was a defendant to various lawsuits. In the opinion of the County's management and the County attorney, the ultimate effect of these legal matters will not have a material adverse effect on the County's financial position.

7. Long-Term Obligations

a. Promissory Note Payable

The County of Wayne entered into an intergovernmental agency agreement and contract with the North Carolina's Eastern Region (Region) under three promissory notes, dated April 17, 2014, June 10, 2014, and June 17, 2014, to use its funds from the Region in order to further economic development and infrastructure projects in the County. The County will use this loan for the purpose set forth in N.C.G.S. 158-7.1, which requires the County to use the proceeds for economic development or re-lend various amounts to area municipalities.

Pursuant to Article 8, Chapter 159 of the General Statutes of North Carolina, the County has made proper application to the North Carolina Local Government Commission for approval of the proposed financings.

As of June 30, 2019, the County had repaid all amounts owed under the three promissory notes; however, amounts were still owed from local municipalities.

As of June 30, 2020, the amounts owed to Wayne County from the local municipalities are as follows:

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

		Payments Received	Balance
	Original Loan		
Town of Fremont, NC	\$ 255,245	\$ (255,245)	\$ -
City of Goldsboro, NC	636,876	(636,876)	-
City of Goldsboro, NC	3,000,000	(600,000)	2,400,000
Town of Mt. Olive, NC	100,000	(100,000)	-
Town of Fremont, NC	70,000	(49,491)	20,509
	<u>\$ 4,062,121</u>	<u>\$ (1,641,612)</u>	<u>\$ 2,420,509</u>

These amounts owed are reported on the government wide financial statements as an increase to due from other governments. Payments received are over life of the loan.

5. Installment Financing Agreements

The County of Wayne has determined that it is necessary and expedient to finance the construction, renovation, and equipping of improvements to Eastern Wayne Middle School and Norwayne Middle School. Pursuant to Section 160A-20 of the General Statutes of North Carolina, the County financed the Project through an Installment Financing Agreement, as of October 1, 2011, between the County and BB&T, whereby BB&T shall advance moneys to the County and the County, subject to its right of non-appropriation, shall repay the advance with interest in installments. The principal component of the installment payments due under the agreement shall be \$15,000,000 due October 1, 2025, with approximately equal annual sinking fund payments due annually each October 1, beginning October 1, 2012. The County will pay interest at a taxable rate of 4.33%, but will receive interest subsidy payments from the United States Treasury on account of the designation of the installment payments as Qualified School Construction Bonds (QSCB) under the federal tax laws, resulting in an effective interest rate of 0% to the County.

The County of Wayne has determined that is necessary and expedient to refinance all or some part of the County's obligations under (a) an Installment Financing Contract, dated July 17, 2002 between the County and Wachovia Bank, N.A. Pursuant to which the County financed the costs of renovation of the County office building located in downtown Goldsboro and known as the "Borden Building" and (b) an Installment Financing Contract, dated as of October 15, 2008, between the County and RBC Bank (USA), pursuant to which the County financed a new county-wide radio communications system for emergency and other public safety purposes; and pursuant to Section 160A-20 of the General Statutes of North Carolina, the County refinanced the prior contracts pursuant to an Installment Financing Agreement between the County and Branch, Banking, & Trust Company (BB&T), whereby BB&T shall advance moneys to the County, and the County, subject to its right of non-appropriation, shall repay the advancement with interest in installments and is secured by the property.

The County of Wayne has determined that it is necessary and expedient to finance the construction, renovation, and equipping of improvements to Spring Creek Middle School and Grantham Middle School. Pursuant to Section 160A-20 of the General Statutes of North Carolina, the County financed the Project through an Installment Financing

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Agreement, as of July 14, 2014, between the County and Suntrust Bank, whereby Suntrust Bank shall advance moneys to the County and the County, subject to its right of non-appropriation, shall repay the advance with interest in installments. The principal component of the installment payments due under the agreement shall be \$38,452,000 due August 1, 2015, with approximately equal semi-annual payments due annually each August 1 and February 1, beginning August 1, 2015, with one interest only payment made on February 1, 2015. The County will pay interest at a taxable rate of 3.55%. This note was refinanced with Suntrust bank in March, 2016. Principal payments will be made annually beginning August 1, 2016. The interest payments will be made semi-annually at a rate of 2.75% beginning August 1, 2016 and every six months thereafter.

The County of Wayne has determined that it is necessary and expedient to finance new equipment. The County financed the Project through an Installment Financing Agreement, as of August 27, 2015, between the County and U.S. Bank, whereby U.S. Bank shall advance moneys to the County and the County, subject to its right of non-appropriation, shall repay the advance with interest in installments. The principal component of the installment payments due under the agreement shall be \$1,757,000 due June 1, 2016 with approximately equal annual payments due annually each June 1, beginning June 1, 2016. The County will pay interest at a taxable rate of 1.434%. The County has paid this note in full during the year ending June 30, 2020.

The County of Wayne has determined that it is necessary and expedient to finance new equipment. The County financed the Project through an Installment Financing Agreement, as of September 24, 2015, between the County and Whitney Bank, whereby Whitney Bank shall advance moneys to the County and the County, subject to its right of non-appropriation, shall repay the advance with interest in installments. The principal component of the installment payments due under the agreement shall be \$905,000 due June 1, 2016 with approximately equal annual payments due annually each June 1, beginning June 1, 2016. The County will pay interest at a taxable rate of 1.434%. The County assisted several fire volunteer nonprofit fire departments with purchases of radios. The fire department tax revenues will be reduced to reimburse the County for the debt payment. Of the \$905,000, \$314,224 was to assist the volunteer fire departments. As of June 30, 2020, the fire departments have paid their portion in full. The County has paid this note in full during the year ending June 30, 2020.

The County of Wayne has determined that it is necessary and expedient to finance a portion of the Maxwell Agriculture and Convention Center. The County financed the Project through an USDA Rural Economic Development Loan Program, as of September 1, 2017, between the County and Tri-County Electric Membership Cooperative, whereby U.S. Department of Agriculture shall advance moneys to the County by passing it through the electric cooperative and the County, subject to its right of non-appropriation, shall repay the advance with interest, which is zero as decided by the cooperative, in installments. The principal component of the installment payments due under the agreement shall be \$19,323 due September 1, 2017 with equal monthly payments for 120 months.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Pursuant to Article 8, Chapter 159 of the General Statutes of North Carolina, the County has made proper application to the North Carolina Local Government Commission for approval of the proposed financings.

Governmental activities:

The installment financing agreements are as follows:

\$15,000,000 installment financing agreement, principal due October, 2025 with approximately equal annual sinking fund payments beginning October, 2012. Interest will be paid semi-annually at 4.33% annum. County will receive interest subsidy payments from the U.S. Treasury because the payments are designated as QSCB.	
Results in a 0% effective interest rate.	\$ 15,000,000
\$38,452,000 installment financing agreement to be paid annually beginning August, 2015 with interest at 3.55% per annum, secured by real property. Final payment due August, 2034. Refinanced March, 2016 with a reduced rate of 2.75%.	28,837,000
	<u>\$ 43,837,000</u>

6. Limited Obligation Bond

The County of Wayne has determined that it is necessary and expedient to finance the construction and renovation of various public school projects, in addition to, the construction of the Maxwell Center, the construction of the County Fiber Loop Project, the installation of the Sheriff Office software, and a public street assessment project. Pursuant to Section 160A-20 of the General Statutes of North Carolina, the County financed the NC Limited Obligation Bonds, Series 2017 through an agreement, as of June 28, 2017, between the County and U.S. Bank, whereby U.S. Bank shall advance moneys to the County and the County, subject to its right of non-appropriation, shall repay the advance with interest in installments. The principal amount of the Series 2017 bonds was \$35,945,000 over 19 years at a true interest cost of 2.72%. The balance as of June 30, 2020 is \$30,920,000. Governmental activities balance is \$19,720,000 as of June 30, 2020 and business-type activities balance is \$1,490,000 and \$9,710,000 as of June 30, 2020, sewer and Maxwell Center, respectively.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

For governmental activities, the future minimum payments as of June 30, 2020 are:

Year ending June 30	Principal	Interest	Total Principal and Interest
2021	\$ 1,380,000	\$ 853,960	\$ 2,233,960
2022	1,375,000	784,960	2,159,960
2023	1,370,000	716,210	2,086,210
2024	1,375,000	647,710	2,022,710
2025	1,210,000	578,960	1,788,960
Thereafter	<u>13,010,000</u>	<u>3,034,920</u>	<u>16,044,920</u>
Total	<u><u>\$ 19,720,000</u></u>	<u><u>\$ 6,616,720</u></u>	<u><u>\$ 26,336,720</u></u>

For business-type activities, the future minimum payments as of June 30, 2020 are:

Year ending June 30	Principal	Interest	Total Principal and Interest
2021	\$ 520,000	\$ 470,540	\$ 990,540
2022	520,000	444,540	964,540
2023	520,000	418,540	938,540
2024	520,000	392,540	912,540
2025	510,000	366,540	876,540
Thereafter	<u>8,610,000</u>	<u>2,147,980</u>	<u>10,757,980</u>
Total	<u><u>\$ 11,200,000</u></u>	<u><u>\$ 4,240,680</u></u>	<u><u>\$ 15,440,680</u></u>

Debt Related to Capital Activities – Of the total Governmental Activities debt listed, all relates to assets the County holds title. Unspent restricted cash related to this debt amounts to \$1,154,035.

7. Long-Term Obligation Activity

The following is a summary of changes in the County's long-term obligations for the fiscal year ended June 30, 2020:

	Balance July 01, 2019	Increases	Decreases	Balance June 30, 2020	Current Portion of Balance

At June 30, 2020, Wayne County had no unissued bonds and a legal debt margin of \$701,682,081.

Net pension liability, total pension liability, and other postemployment liability for governmental activities are all typically liquidated in the general fund. Compensated absences for governmental activities typically have been liquidated in the general fund and are accounted for on a LIFO basis, assuming that employees are taking time as it is earned.

Remaining Fund Balance	<u><u>\$ 5,766,477</u></u>

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

Wayne County has adopted a minimum fund balance policy for the General Fund which instructs management to conduct the business of the County in such a manner that available fund balance is at least equal to or greater than 14% of budgeted expenditures, including the amount restricted for state stabilization.

IV. Related Organization

The Wayne County Commissioners are responsible for appointing eight members of the ten-member board of the Wayne Health Corporation (Wayne Memorial Hospital), but the County's accountability for this organization does not extend beyond making these appointments. The Hospital is a nonprofit organization. It is funded entirely by fees for services provided.

V. Joint Ventures

The County, in conjunction with the State of North Carolina and the Wayne County Board of Education, participates in a joint venture to operate Wayne Community College. Each of the three participants appoints four members of the twelve-member board of trustees of the community college. The community college is included as a component unit of the State. The County has the basic responsibility for providing funding for the facilities of the community college and also provides some financial support for the community college's operations. In addition to providing annual appropriations for the facilities, the County periodically issues general obligation bonds to provide financing for new and restructured facilities. No debt is outstanding at this time. The County has an ongoing financial responsibility for the community college because of the statutory responsibilities to provide funding for the community college's facilities. The County contributed \$4,170,897 and \$1,127,990 to the community college for operating and capital purposes, respectively, during the fiscal year ended June 30, 2020. The participating governments do not have any equity interest in the joint venture; therefore, no equity interest has been reflected in the County's financial statements at June 30, 2020. Complete financial statements for the community college may be obtained from the community college's administrative offices at 3000 Wayne Memorial Drive, Goldsboro, NC 27532.

The Wayne County Commissioners and the Goldsboro City Council created the Goldsboro-Wayne Area Transportation Authority. The Authority is to provide fixed-route bus transportation for all of Wayne County and to consolidate all public transportation services in the County. The Authority consists of a nine-member board of directors, seven voting members and two ex-officio members, appointed to one-year terms by the Wayne County Board of Commissioners and the City of Goldsboro City Council.

The County of Wayne and the City of Goldsboro entered into an Intergovernmental Agreement on August 1, 2016 regarding marketing and communications. The Agreement states that the County and City will share the expenses of one marketing and communications director, who will be supervised by both the County and City Manager. The director will be paid on the County's payroll with half the costs of the salary and related fringes being billed and paid on a quarterly basis by the City.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

The County, the City of Goldsboro, and the Wayne County Economic Development Alliance, Inc. (WCDA) entered into a joint venture to develop a shell building on land owned by Wayne County. The plan is to bring new business into the area for economic growth by having a building available for their operations. WCDA contributed \$492,000 towards the project in the current fiscal year. After completion of the shell building, the City of Goldsboro will owe the County \$425,000 towards the construction costs with three annual payments of \$141,667 beginning twenty-five months after completion of the building. No liability has been recorded at this time as the construction project has not been completed.

VI. Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primarily eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients, which do not appear in the basic financial statements because they are not revenues and expenditures of the County.

	Federal	State
Medicaid	\$ 132,828,870	\$ 61,874,598
N.C. Health Choice	2,986,280	211,139
Temporary Assistance for Needy Families	691,253	
Refugee Assistance Program	181	-
Special Assistance for Adults	-	841,249
Women, Infant, Children Program	3,201,820	-
Supplemental Nutrition Assistance Program	34,408,845	-
IV-E Foster Care/Adoption Subsidy	1,047,333	261,454
CWS Adoption Subsidy and Vendor	-	447,107
	<hr/> <u>\$ 175,164,582</u>	<hr/> <u>\$ 63,635,547</u>

VII. Summary Disclosure of Significant Contingencies and Contingencies

Federal and State Assisted Programs

The County has received proceeds from several federal and State grants. Periodic audits of these grants are required and certain costs may be questioned as not being appropriate expenditures under the grant agreements. Such audits could result in the refund of grant moneys to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the refund of grant moneys.

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

VIII. Change in Accounting Principles/Restatement

The County had unspent bond funds in the Sewer Fund (proprietary). The bond agency allowed the County to reallocate \$550,000 of the unspent funds to the Fiber Loop Project, \$185,000, and the School Gym and Classroom Project, \$365,000. The County increased the net position of the Sewer Fund and decreased the governmental activities net position by the total \$550,000. The overall prior period adjustment to net position on Exhibit 2 is \$0.

IX. Subsequent Events

The COVID-19 outbreak in the United States has caused business disruption through mandated and voluntary closings of businesses. While the disruption is currently expected to be temporary, there is considerable uncertainty around the duration of the closings. Therefore, the County expects this matter to negatively impact the various taxes they receive to operate in the 2020-2021 fiscal year. However, the related financial impact and duration cannot be reasonably estimated at this time.

On July 30, 2020, the County was notified about additional funding for NC local governments from the Coronavirus Relief Fund (CRF) established under the CARES Act. These funds were to be spent according to the IRS Treasury regulations for dealing with the COVID-19 pandemic. Specifically, Wayne County was allocated an additional \$2,389,720 bringing its total CRF monies received to \$4,643,102. Of that amount, the required municipal distribution was \$1,160,775 to municipalities who completed the proper documentation by September 1, 2020. However, as all municipalities either did not choose to apply for their allocated funding or did not request their full amount, the actual amount sub granted to municipalities totaled \$1,055,702. The County spent all of its CRF funds by December 31, 2020 and worked with the NC Pandemic Recovery Office (NC PRO) to submit all required reports and documentation. It is not clear, at this time, if additional funds will be allotted to the County for managing the impact of COVID-19. However, several departments have received mini-grants specific to their programs to handle the various ways that they are dealing with the pandemic.

Effective July 31, 2020, the County closed its non-emergency transport division known as Wayne NET. This department was in operations since 2006. However, due to the increasing costs and of operations and revenue collections for this department, the Board of Commissioners decided to contract these services out to two private companies – North State Medical Transport and MedEx Medical Transport. The existing staff from Wayne NET were either transferred to Wayne County EMS or given the opportunity to work for one of the new contract providers.

On September 29, 2020, a special session of the Board of Commissioners was held to discuss and possibly take action on a Regional Memorandum of Understanding (MOU) regarding economic development. After a presentation and some discussion, a motion was passed to approve this MOU subject to review and approval by the County attorneys. Historically, the Wayne County Development Alliance has provided the economic development services for the County, and its operations haven have been funded by the County. With the approval MOU, the County's economic development activities will be managed through this regional arrangement consisting of Wayne County, Lenoir County, Greene County and the NC Global TransPark (GTP). WCDA will still exist, but its operating costs will be substantially reduced with this new MOU with NC

Wayne County, North Carolina

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2020

GTP. Existing industries operating within the County will continue to be assisted by an Existing Industry employee that was transferred from the County to Wayne Community College. The remaining WCDA employees were transferred under the employment of the NC GTP, and each of the counties, as party to the MOU, will contribute an appropriation each year to help fund operations of this regional arrangement. The County will be responsible for reimbursing Wayne Community College for the salary of the Existing Industry employee.

On October 14, 2020, the County, along with Wayne County Public Schools, was notified that their joint application for funding through the 2020-20201 Needs-Based School Capital Fund was approved in the amount of \$15,000,000. As a Tier 1 county, Wayne County will be required to match \$1 in local funds for every \$3 in grant funds with a total match required of \$5,000,000. The grant will be used to construct a new Fremont Elementary School as outlined in the application. The County will be ineligible to receive allocations from the Annual Public School Building Capital Fund (lottery fund) for a five-year period beginning October 1, 2020. Construction is expected to begin on the school around the Spring of 2021.

Special Revenue Funds

Nonmajor Funds

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Emergency Telephone System Fund - This fund accounts for the 911 revenues collected by the telephone industry to fund the 911 emergency system.

Fire District Fund - This fund accounts for the ad valorem tax levies of the 28 fire districts in Wayne County.

Community Development Fund – This fund accounts for the costs of construction and the collection of resources from Federal Community Development Block Grant programs designated for specific development projects.

Utility Fund – This fund accounts for the costs of street lights and the collection of resources from residents in specific neighborhoods in Wayne County.

Street Assessment Fund – This fund accounts for the costs of improvements to the streets and the collection of resources from residents in specific neighborhoods in Wayne County.

Capital Projects Funds

**Major and
Nonmajor Funds**

Capital Projects Funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds.

Major Fund

None

Nonmajor Funds

Wayne County Public School Capital Projects Fund-Meadow Lane - This fund accounts for the costs of construction and related funding sources for school related capital projects

County Capital Projects Fund - This fund accounts for the costs of construction and related funding sources for capital projects of a general nature.

Wayne County Public School Capital Projects Fund-School Buildings - This fund accounts for the costs of construction and related funding sources for school related capital projects.

County Capital Reserve Project Fund – This fund accounts for the accumulation of resources for future capital projects.

County Capital Outlay-911 Call Center Fund – This fund accounts for the costs of construction and related funding sources for capital projects of a 911 Call Center.

Permanent Funds

Nonmajor Fund

Permanent Funds are used to account for resources received by other entities, whereby the use of the resources is restricted to the extent that only earnings, and not principal, may be used for purposes that support the County's programs.

Nonmajor Fund

Permanent Fund-Senior Center – This fund accounts for the principal funds and earnings of an endowment for the specific purpose of funding projects and expenses related to the Senior Center.

Enterprise Funds

Major Funds

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises -- where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of net income is appropriate for accountability purposes.

Solid Waste Disposal Fund - This fund is used to account for the operations of the County's solid waste activities.

EMS – EMS Net Fund - This fund is used to account for the operations of the County's emergency and non-emergency transportation medical services.

Maxwell Regional Agricultural and Convention Center Fund (Maxwell Center) – This fund is used to account for the costs of construction and related funding sources for capital projects of an agricultural center.

Jetport Fund - This fund is used to account for the operations of the County's municipal airport.

Wayne County, North Carolina

Wayne County , North Carolina
Secondary Market Disclosures
County-wide Levy
For the Fiscal Year Ended June 30, 2020

Secondary Market Disclosures:

Assessed Valuation:

Assessment Ratio ¹	100%
Real Property	\$ 6,343,100,365
Personal Property	1,708,416,179
Public Service Companies ²	<u>719,509,471</u>
Assessed Valuation at Current Year Rates	<u>8,771,026,015</u>
Tax Rate per \$100	<u>0.6635</u>
Penalties	58,195,758
Levy (includes discoveries, releases and abatements) ³	<u>41,966</u>
	<u>58,237,724</u>
Total Assessed Valuation	<u><u>\$ 8,771,026,015</u></u>
Levy (includes discoveries, releases and abatements)-all rates	<u><u>\$ 58,237,724</u></u>

In addition to the County-wide rate, the following table lists the levies by the County on behalf of school districts and fire protection districts for the fiscal year ended June 30:

School Districts	\$ -
Fire Protection Districts	<u>3,180,491</u>
Total	<u><u>\$ 3,180,491</u></u>

¹ Percentage of appraised value has been established by statute.

² Valuation of railroads, telephone companies and other utilities as determined by the North Carolina Property Tax Commission.

³ The levy includes interest and penalties.

Wayne County , North Carolina
Emergency Telephone System Unspent Balance
PSAP Reconciliation
For the Fiscal Year Ended June 30, 2020

Amounts reported on the Emergency Telephone System Fund budget to actual (Exhibit D-1) are different from the PSAP Revenue-Expenditure Report because:

Net Change in Fund Balance, reported Budget to Actual	\$ 456,949
Transfer from General Fund for disallowed expenditures	(139,225)
Eligible 911 expenditures from the change in accrued payables	-
Eligible 911 revenues from the change in accounts receivables	<u>4,880</u>
	<u>322,604</u>
Beginning Balance, PSAP Revenue-Expenditure Report**	<u>1,756,713</u>
Ending Balance, PSAP Revenue-Expenditure Report	<u>\$ 2,079,317</u>

** June 30, 2020 North Carolina 911 Board PSAP Report has not been approved by the State 911 Board; however, the figures above have been reconciled to the June 30, 2020 PSAP Report as submitted.

Promissory Notes Payable	-	100%	<u>-</u>
Total direct and overlapping debt			\$ <u>141,739</u>

Source: Assessed value data used to estimate applicable percentages provided by Wayne County and Assessment Debt outstanding data provided by each governmental unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the County. This schedule estimates the portion of outstanding debt of those overlapping governments that is borne by the residents and businesses of the County. This process recognizes that, when considering the County's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident and, therefore, responsible for repaying the debt, of each overlapping government.

**Report On Internal Control Over Financial Reporting And On Compliance and Other Matters Based On
An Audit Of Financial Statements Performed In Accordance With *Government Auditing Standards***

Independent Auditors' Report

To the Board of Commissioners
And Management of Wayne County
Goldsboro, North Carolina

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to the financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of the Wayne County, North Carolina, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprises the Wayne County's basic financial statements, and have issued our report thereon dated December 31, 2020. Our report includes a reference to other auditors who audited the financial statements of the Wayne County ABC Board and our audit as a separate engagement of the Wayne County Tourism Development Authority, as described in our report on the Wayne County's financial statements. This report does not include the results of the other auditors' or our separate engagement's testing of internal control over financial reporting or compliance and other matters that are reported separately by those auditors. The financial statements of the Wayne County ABC Board and the Wayne County Tourism Development Authority were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Wayne County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Wayne County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Wayne County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report On Compliance With Requirements Applicable To Each Major Federal Program And
Internal Control Over Compliance In Accordance With OMB Uniform Guidance and the State Single
Audit Implementation Act**

Independent Auditors' Report

To the Board of Commissioners
and Management of Wayne County
Goldsboro, North Carolina

Report on Compliance for Each Major Federal Program

We have audited the compliance of Wayne County, North Carolina, with the types of compliance requirements described in the OMB *Compliance Supplement* and the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect to each of its major federal programs of Wayne County for the year ended June 30, 2020. Wayne County, North Carolina's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with Federal and State statutes, regulations, and the terms and conditions of its federal awards applicable to each of its major federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of Wayne County, North Carolina's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), and the State Single Audit Implementation Act. Those standards, OMB Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Wayne County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on Wayne County's compliance with those requirements.

Opinion on Each Major Federal Program

In our opinion, Wayne County complied, in all material respects, with the compliance requirements referred to above that are could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of Wayne County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered the Wayne County's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal over compliance, that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses and, therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report On Compliance With Requirements Applicable To Each Major State Program And Internal Control Over Compliance In Accordance With Applicable Sections of OMB Uniform Guidance and the State Single Audit Implementation Act

Independent Auditors' Report

To the Board of Commissioners
and Management of Wayne County
Goldsboro, North Carolina

Report on Compliance for Each Major State Program

We have audited Wayne County, North Carolina, compliance with the types of compliance requirements described in the *Audit Manual for Governmental Auditors in North Carolina*, issued by the Local Government Commission, that could have a direct and material effect on each of the County's major state programs for the year ended June 30, 2020. Wayne County's major State programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of State stautes, regulations, and the terms and conditions of its state awards applicable to its state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major state programs based on our audit of the types of requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and applicable sections of Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), as described in the *Audit Manual for Governmental Auditors in North Carolina*, and the State Single Audit Implementation Act. Those standards, Uniform Guidance, and the State Single Audit Implementation Act require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major State program occurred. An audit includes examining, on a test basis, evidence about Wayne County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of Wayne County's compliance with those requirements.

Opinion on Each Major State Program

In our opinion, Wayne County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of Wayne County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit, we considered Wayne County's internal control over compliance with requirements that could have a direct and material effect on a major State program to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with applicable sections of the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a State program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a State program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not be designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

---	------------------------------------	---	--	-------------------------------	--	-------------------------------

Notes to the Schedule of Expenditures of Federal and State Financial Awards:

1. Basis of Presentation

The accompanying schedule of expenditures of federal and State awards (SEFSA) includes the federal and State grant activity of Wayne County under the programs of the federal government and the State of North Carolina for the year ended June 30, 2020. The information in this SEFSA is presented in accordance with the requirements of Title 2 US Code of Federal REgulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards and the State Single Audit Implementation Act. Because the SEFSA presents only a selected portion of the operations of Wayne County, it is not intended to and does not present the financial position, changes in net position or cash flows of Wayne County.

2. Summary of Significant Accounting Policies

Expenditures reported in the SEFSA are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursements.

3. Indirect Cost Rate

Wayne County has elected not to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

4. Cluster of Programs

The following are clustered by the NC Department of Health and Human Services and are treated separately for state audit requirement purposes:

Foster Care and Adoption

5. Benefit Payments Issued by the State

The amounts listed below were paid directly to individual recipients by the State from federal and State moneys. County personnel are involved with certain functions, primary eligibility determinations that cause benefit payments to be issued by the State. These amounts disclose this additional aid to County recipients that do not appear in the basic financial statements because they are not revenues and expenditures of the County.

<u>Program Title</u>	<u>CFDA No.</u>	<u>Federal</u>	<u>State</u>
Special Supplemental Nutrition Program for WIC	10.557	3,201,820	-
Supplemental Nutrition Assistance Program	10.551	34,408,845	-
Temporary Assistance for Needy Families	93.558	691,253	-
Refugee Assistance	93.566	181	-
Foster Care - Title IV-E/Adoption Subsidy	93.658	1,047,333	261,454
Medical Assistance Program	93.778	132,828,870	61,874,598
Children's Health Insurance Program	93.767	2,986,280	211,139
Child Welfare Services Adoption		-	447,107
State/County Special Assistance Program		-	841,249

6. Coronavirus Relief Funds

Wayne County received \$2,253,382 of funding from the Coronavirus Relief Fund (21.019) and received \$2,389,720 in July 2020. At least twenty-five percent (25%) of the funds are mandated to go to municipalities within Wayne County, at the discretion of the County. Municipalities are to have a plan to spend these funds by September 1, 2020, or any funds received are to be returned to the County. Counties and municipalities are liable to the State for funds not spent in accordance with US Dept. of Treasury, the granting agency, guidelines. According to the Office of State Budget and Management, the State's pass-through agency, municipalities are considered subrecipients of the Counties. However, under state statute, municipalities are liable to the State, not the County, for any misused or misspent funds. CRF must be spent during the period March 1, 2020 to December 30, 2020.

Communication of No Material Weaknesses in a Separate Report

To Board of Commissioners
and Management of Wayne County, North Carolina

In planning and performing our audit of the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Wayne County as of and for the year ended June 30, 2020, in accordance with auditing standards generally accepted in the United States of America, we considered Wayne County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Wayne County's internal control. Accordingly, we do not express an opinion on the effectiveness of Wayne County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations during our audit, we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Other Recommendations:

Future Accounting Changes – GASB Statement No. 87

Observation: During the fiscal year ending June 30, 2022 (implementation extended), the County will be required to implement Government Accounting Standards Board (GASB) Statement Number 87, Leases. The new standard will require the County to recognize a lease liability and an intangible right-to-use lease asset.

Recommendation: We encourage the Finance Office to begin gathering the information required to implement the new standard. Finance personnel should create a system that will track lease terms by department.

Benefit: Since the new standard includes capital and operating leases, the information needed to implement the new standard will be large and intensive. Being proactive in gathering the data needed at an early date will assist the County Finance Department in the implementation of the new standard.

This communication is intended solely for the information and use of management, the board of Commissioners, others within Wayne County, and is not intended to be, and should not be, used by anyone other than these specified parties.

Communication with Those Charged with Governance at the Conclusion of the Audit

December 31, 2020

To the Board of Commissioners
Wayne County, North Carolina

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Wayne County, North Carolina for the year ended June 30, 2020. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards and *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated March 5, 2020. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Wayne County, North Carolina are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2020. We noted no transactions entered into by Wayne County, North Carolina during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the Wayne County, North Carolina's financial statements were:

Management's estimate of the allowance for doubtful accounts is based on historical revenues, historical loss levels, and an analysis of the collectability of individual accounts. Management's estimate of depreciation and amortization expense is based on estimated useful lives of the assets. The estimate of cumulative leave is based on any unused vacation at the current salary rate. The estimate for other postemployment benefits is calculated on an actuarial study provided by a third party. Accrued closure and post-closure costs are estimated based on estimated capacity used and estimated costs developed by the engineering firm used by the County for the solid waste landfill. We evaluated the key factors and assumptions used to develop these estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure for Pension Plans, LGERS, ROD, LEOSSA, and Other Postemployment Obligations (OPEB) starting on page 66 to the financial statements because the County relies on information provided by actuarial studies and is required to allocate the assets of the pensions and OPEB by fund based on an estimate.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually and in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 31, 2020.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to Wayne County, North Carolina's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as Wayne County, North Carolina's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We applied certain limited procedures to Management's Discussion and Analysis, The Other Postemployment schedules, and the Pension Schedules (LGERS, LEOSSA, ROD) which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the combining statements, individual fund statements, budgetary schedules, other schedules, statistical schedules, and the Schedule of Expenditures of Federal and State Awards, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the use of Board of Commissioners and management of Wayne County, North Carolina and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Nunn, Brashear, & Uzzell, P.A.

Goldsboro, North Carolina
