Wayne County Offices Closing at 5 p.m. Today

Wayne County, NC – With the threat of winter weather expected to impact our area this evening, all Wayne County Government facilities will be closing at 5 p.m. today, February 20, 2020. Departments that will be impacted include the Peggy M. Seegars Senior Center, all branches of the Wayne County Public Library, and the Wayne County Solid Waste Convenience Centers.

Safety is our number one priority and our decision to close these facilities will allow employees and residents to safely return home in advance of any adverse travel conditions. Wayne County residents are urged to enroll in CodeRED weather alerts delivered via phone call or text message. Enrollment is free and simple by visiting WayneGov.com and click the CodeRED banner at the bottom of the page.

THE GOOD LIFE. GROWN HERE.
